state that he was in possession of information which he was afraid would not be made available to the public, unless he took this action. He said the man thereupon showed him 4 or 5 pages of mimeographed material, the first page of which bore the heading "The following is a report of the Federal Bureau of Investigation." Mr. O'CONNER stated that the page also had the notation "Classified" stamped on it within a black border. Mr. O'CONNER stated that no degree of classification was listed on this page and that the word "Classified" was all that appeared thereon. He described the mimeographed pages as being in his opinion a copy of another copy and stated that the woris were barely legible and the condition of the pages themselves as being very poor. He also stated that it looked to him like a church or school bulletin and that the grade of the paper appeared to be very inferior.

Mr. O'CONNER stated that a perusal by him of the contents of these pages disclosed that it was merely a recount of the events of the assassination of the President JOHN F. KENNEDY which appeared in many newspapers. He said the only information which had not been public knowledge up to this time was a short paragraph claiming that the assassination of the President had been planned and executed by the "La Cosa Nostra" and that LEE HARVEY OSWALD had been paid by the "Cosa Nostra" to carry out the assassination of the President. O'CONNER said that this material also indicated that JACK RUEY was a "soldier" of the "Cosa Nostra" and had been instructed to do away with OSWALD after the assass-/ ination. and the second of the second o

O'CONNER advised that since the news contentent this material was not substantiated by any facts and in his opinion did not seem real to him, he told the two men that he was not interested in putting this information out over the air. He so that his reluctance to handle this information was further strengtened by the fact that they did not furnish their names or support the content of the material by any factual source.

Mr. O'CONNER advised that neither of these men claimed to be associated with the FBI nor did they furnish any credentials to support any association with any Government

The format of the first page of the usual report of the FBI was described to Er. O'CONNER who stated that the collection of pages shown to him by the unknown man was not similar in any respect to an FBI report. He said the first page of the pages shown to him contained nothing the first page of the pages snown to him contained nothing other than the introductory paragraph alleging that it is a report of the Federal Bureau of Investigation, immediately followed by the subject matter. and the second of the second o

Mr. O'CONNER stated that he did not observe either of these individuals in or near an automobile and that he has not been recontacted by either since this initial contact.
