Mr. Rogosch stated that the telephone company, he believes, still has toll records going back to September, 1963; however, they are only required to retain these records for six months and he expects that the September, and f 1963, records will be destroyed in the near future.

In view of the Central Telephone Company's refusal to furnish toll records in the absence of a وسرائيته فالمتأسب subpoena duces tecum or a court order, no further effort will be made by this Bureau to obtain the requested toll records relating to Lewis J. McVillie.
