Dear Mr. Ruby:

Enclosed is copy of a carload of circular soon to be distributed in Dallas and throughout the world.

To me you have not murdered anyone, you executed a dirty killer, following understood orders, and therefore you are "NOT GUILTY".

I have gone to all this trouble because had I been to the States by the time President Kennedy was murdered, I might as well be in your place, and therefore I feel as though I am defending myself.

Good luck Ruby.

Respectfully yours,

Félix E. Pereddo
