Through several contacts with reliable sources in New York the following information is made possible to send to you. These persons should if they would be able to enlighten the Warren Commission concerning the truth about the Jack Ruby case. They can tell you who David Glassman is and his part in the case. The persons are:

- Wilbur Post-----T.V. actor on Mr. Ed. program
- Clifton Fadiman-----Lecturer and writer
- Mitch Miller----- Orchestra Leader N.B.C.
- Arthrur Stang----- Actor

Many true Americans have lost confidence in your commission because of the membership of Norman Redlich who is thought to be far too radical and ultra left.

You have the reputation for being honest and wanting to do your duty in finding out the truth in this case. It is with this hope that this is being sent to you.
