Ivallas' Proplet of Idour

By BOB CONSIDINE

MONG THE FIRST persons to leave Dallas in the wake of the assassination was Bernard Weissman, chairman of something called "The American Fact-Finding Committee." The FBI was still looking for him this midweek to

inquire into the fullpage advertisment he took in the Dallas Morning News of Friday, Nov. 22.

Weissman specified that the advertisment carry a funercal black border. The issue was on the streets several hours before President Kennedy arrived.

In great bold type, CONSIDINE the ad began:

"WELCOME MR. KENNEDY ... to-

Dallas." .The "welcome" was somewhat de-

ceptive. "Welcome to Dallas," it continued, "a city so disgraced by a recent liberal smear attempt (Editor's Note: The U.S. revulsion to the Dallas right-wingers' attack on Ambassador Stevenson) that its citizens have just elected two more Conservative Americans to public of-

.. A city that will continue to grow fice. and prosper despite efforts by you and your Administration to penalize it for its non-conformity to New Frontierism.

"... A city that rejected your philosophy and policies in 1900 and will do so again in 1961-even more emphatically

than before. "Mr. Kennedy, despite contentions on the part of your Administration, the Mayor of Dallas, the Dallas City Council and members of your party we freethinking and America-thinking citizens of Dallas still have, through a Constitution largely ignored by you, the right to address our grievances, to question you, to disagree with you and to criticize

Zon." There followed a list of a dozen questions each beginning with a large-type WHY? Weissman, who gave his organization's address as Box 1795, Dallas, wanted to know why Bobby Kennedy

had "gone soft on communism"; why JFK shook hands with Tito; why wheat was shipped to the USSR, etc.

district and the same

The rate for such an advertisement in the Morning News is \$1,464. The FBI is not interested in Weissman as a suspect. In wrapping up its report to the Attorney General it merely wanted to include him among those questionedif only his curious use of a black border hours ahead of the murder.

THE FBI REPORT to Attorney General Kennedy names Lee Oswald as the lone assassin and Jack Ruby as another "loner." It found no collusion, no conspiracy. It aims to put to rest the wild and nutty rumors that have been coined in the wake of the tragedy.

The report will be turned over to President Johnson and the President will then pass it along to the seven-man Presidential inquiry board headed by Chief Justice Warren. That board will release it to the world.

The FBI is hopeful that the report is so emphatic and free of question that it will forestall the scheduled Texas investigation-which would be televised and feature, among others, Dallas police wearing 10-gallon hats to cover their pint-sized brains.

BY THE END of October, 623,171 overseas visitors had arrived in the U.S. 25,000 more than in all of 1982. The New York World's Fair next year and in '65 could swell the tide to a million-an unheard-of figure only a few years ago.

The biggest draw is not Niagara Falls or even Frank Sinatra. The Department of Commerce's U.S. Travel Service swears that the big lure is Herman St. Clair. Never heard of Herm? He's a member of the Shoshone Indian Tribe on the Wind River Reservation in Wyoming. His rugged countenance, in full headdress, is the most popular poster, the first ever to win "Best in Snow" at the International Union of Official Travel Organizations. It doesn's tell how to set to Wind Rived.
