Washington: The Death of Camelot

By JAMES RESTON

<u>By JAMES RESTON</u> WASHINGTON, Dec. 17—The capital is sad about Mrs. John F. Kennedy's law suit to stop publication of William Man-chester's book on the assassina-tion of her husband. No personal or political controversy about the Kennedys—and there have been many—has produced such unanimity in Washington. Ev-erybody understands and sym-pathizes with Mrs. Kennedy's objection to certain parts of this ghastly story. But even the people who love her the most and are now rallying to her support—including Bobby Ken-nedy—are sorry she has insisted on taking this controversy to the courts. They deny this, of course, but it is true. Too Many Copies

Too Many Copies

There are a number of rea-sons for this, the first of which is very practical. There are simply too many copies of Mr. Manchester's transcript of "The Death of a President" in circu-lation to be suppressed as mat Death of a President" in circu-lation to be suppressed, no mat-ter what the courts say. Twen-ty-five copies of his transcript were sent to magazine and other editors to see whether 'they wanted to pay between \$500,000 and \$1 million for the right to publish excerpts of the book. These have been read by hundreds, maybe even by thou-sands of editors, who are a competitive and gabby crew. How many more copies have been reproduced at fight By junior editors and even officejunior editors and even office-boys in this Xerox generation is

boys in this Xerox generative is beyond calculation. Mike Cowles and Bill Att-wood at Look Magazine, Cass Canfield at Harper and Row and all the other principals in the controversy will play it straight, no matter how irritated they are with each other at the mo-ment, or how much the publish-ers have to lose—which could run into millions—but what is going on in other publishing

run into millions—but what is going on in other publishing houses which had copies of the original manuscript, even their bosses cannot know. The world is full of bootleg book publishing companies, which pay no attention to the copyright laws of the West. In Formosa and Eastern Europe, publishers with cheap labor and materials think nothing of printing "In Cold Blood" or any other Dest-seller by fire immons

•

and selling it for a fraction of the cost in the United States, without permission from, or compensation to, the author.

A Temptation

It is not hard to imagine the temptation and profits involved in reproducing "the original manuscript unedited by the Kennedys" of the Manchester book by such companies. Mil-lions of dollars are involved. One American company alone offered a million dollars for the American paperback rights. Thus, Airs. Kennedy could

easily win her case in the Amer-ican courts and lose it in the world. And if she is worried about Mr. Manchester's frank disclosures about what the Ken-nedys thought about Johnson during the assassination crisis, she can furth the beaute Bill she can forget it, because Bill D. Moyers, the President's press secretary, has already read the secretary, has already read the offending passages, and no doubt the President has been told what he already knew or suspected before Mr. Manches-ter ever got involved in this unhappy incident.

The Private Tragedy

The Private Tragedy So much for the practical reasons of not frying to stop the unstoppable. The personal aspects are even more interest-ing. Mrs. Kennedy naturally wants to emphasize everything that perpetuates the good and minimizes the bad in the Ken-nedy story. She has a contract that says she can compel this with Manchester. The legend of Kennedy is more wonderful than the political history of Kennedy, and her contract with Manches-ter has deceived her into think-ing she can make history conform to legend. No good wife would do otherwise, but she is holding up her hand to the ava-lanche. Kennedy is not only a husband but a President, not only a personal figure, but a historical figure, and while the courts can interpret contracts, they cannot command history. <u>Frits not</u> difficult to under-stand Jacqueline Kennedy's ge-

stand Jacqueline Kennedy's de-sires. No President's family has ever approved its biographers. She can do nothing now about the death of the President. What she is faced with is the death of Camelot, the killing of the myth. It is intolerable but also inevitable, and the lawsuit is only going to make the ineviand the second second

table even more intolerable, essuch peciality person,

person. This is really the difference between Jacqueline Kennedy and Bobby Kennedy—and it has been a much more savage dif-ference than the presentations to the court suggest. Bobby would like to preserve the Ken-nedy legend too—he is riding it would like to preserve the Ken-nedy legend too—he is riding it to the Presidency—but he is primarily interested in the fu-ture and she in the past, and therefore he accepts the reality which she quite naturally rejects. They're Both Right

Iney're Both Kight Both are right in their own terms, but the Kennedys are now too important in the politi-cal life of the country to put legend ahead of history. They cannot rely on legal contracts. It is time to get down to reality. Manchester shows them at last out as a united than but one Manchester shows them at last not as a united clan, but as a human family with all the dif-ferences and yearnings and weaknesses of most families, and in the end, that may be even better than the Kennedy mytic
