## GOP Asks Crime Data

Washington, Sept. 18 (AP)—House Republicans and the Justice Department continued their feud today over the effectiveness of the Administration's war on organized crime. The GOP House Task Force ordered the department to produce "tape recordings, log entries and internal communications" resulting from electronic surveillance against crime between 1961 and 1965. The department said the request demonstrates the committee's ignorance of criminal investigation procedures.

## Garrison Wins a Round

New Orleans, Sept. 18 (AP)—Clay L. Shaw, accused by District Attorney Jim Garrison of conspiring to assassinate President Kennedy, lost a last-ditch bid today to have the case thrown out of court. Criminal District Judge Edward Haggerty turned down two motions that would have quashed the Shaw indictment on grounds that the grand jury that indicted him was illegally formed. The action paved the way for a possible October trial date for Shaw, 54, a retired business executive and World War II veteran.
