allergic response to lint. especially wool lint." It said he could not wear undershirts or rough cloth. It said that if he did he choked up, hid air hunger. and sometimes suffered hives.

The medical board listed details of Garrison's exhaustion syndrome. It said it started while he was in law school after the war. It said that even after Garrison started to work for a law firm he could only work half a day.

As late as 1962, just before he was elected district attor-ny. he still was known around the Orleans Parish Cuit House in his assistant attorney days as a man who liked to come to work at 11 and leave at 2.

ported for sick call. He was confined to generators for two weeks. then hospitalized at Fort Sill, Okla. He was trans-ferred to the Brooke Army Hospital on Sept. 16, 1951, and was given a medical dis-charge for physical disability in Ocother. DISABILITY A physical e v a lu a ti in baard at Brooke recommeddi ed 10 per cent permanent dis-ability. It said the cause of the incapacity was "chronic exhaustion syndrome ... and psychogenic means having a mental origin. In connec-tion with the allergies, the medical board said Garrison then had "a rather bizagre aller g ic response to link."
