Examination requested: **Document**

Remarks:

For your information, certain handwriting similarities were noted indicating MEDINA, MSB, probably prepared the Oswald entry on line 4 of Q832.

Further, for your information, certain hand printing characteristics were noted which indicate a third person may be the writer of the hand printed entry at the bottom of Q832 pertaining to "Chefer" and the hand printing on the top two lines of the printed form beginning "Reservaciones" and "Salida."

If possible, appropriate known hand printing specimens should be secured from MEDINA, ALVARADO and the individual referred to in Bulet of 3/24 as "Lozano."

\*\*\*\*\* Request received 3/24/64

Request re-examination of Q332, K68 and K69

## Result of examination:

It was concluded that LUCIO LOPEZ MEDINA, K69, wrote the entries opposite the printed lines 1, 3, 6, 17 (excluding "Boleto No.") and 18 (excluding "Boleto No.").

It was concluded that FRANCISCO ALVARADO, K68, wrote the entries opposite the printed lines 5, 6, 7, 9, 10, 11, 12 ("Boleto No." only), 13, 14, 15, 16 ("Boleto No." only), 17, 18, 19, 20, 25 and 28.

It is noted there is no entry opposite the printed line 2.

Due to the limited and scribbled nature of the Oswald entry on line 4, no conclusion could be reached whether this entry was written by MEDINA or ALVARADO.

The hand printed entry pertaining to the "Chefer" name at the bottom of Q332 is not sufficiently comparable with the available known hand printing of ALVARADO, K68 to permit adequate comparison. No known hand printing of MEDINA, K69, is available for comparison with this hand printing on Q332.

The stamped impression at the bottom of Q332 appears to have been made with a rubber date stamp and is in the wording "2 OCT, 1963."
