Reurlet 7/30/64. One each 8 by 10 photograph of exhibits B-144, B-145, B-149, B-151, B-152, and B-210 are transmitted to your office herewith in accordance with the request contained on page six of relet.

With respect to the duplicate exhibit numbers listed on page one of relet, it is noted that B numbers 43, 42, 44, 8, and 47 were assigned to exhibits selected from the original inventory and numbers in the "P" series substituted for the original item numbers. B-104 and B-105 were assigned to better copies of B-51 since B-51 was not adequate for document examination. B-207 was assigned to the original exhibit since B-71 was only a photograph of the original exhibit.

The Laboratory interposes no objection regarding the description of the exhibits listed on pages two through six of relet except as follows:

Item #136 (page two of relet). B6 is a notepad and has been deleted from item 234.

Item #302 (page two of relet). The second envelope is postmarked "IRVING, 10/7/63."

Item 80-230 (page three of relet). The correct serial number is "53208."

Item 80-207 (page three of relet). 8-207 is specimen Q808.

Item 80-169 (page five of relet). The year "63" does appear on the original exhibit.

Item 80-178 (page five of relet). The quoted wording listed for B-178 on page five does not appear on the original exhibit. It is noted that B-178 refers to a shipment of 630 cartons of rifles.
