ATTN.: FBI LABORATORY

by W.H.P.

The inventory listing of exhibits furnished Dallas by routing slip 5/8/64, has been reviewed and compared with listings in the Dallas Office for the purpose of determining any variances. It should be noted although both listings in a number of instances carried the item identically, there is a variance when compared with the photograph of the particular item. These differences are also being noted. A number of "C" items, beginning with C250, are being described by Dallas to a greater extent than in the inventory listing furnished May 8, 1964, using instead the description set forth in FBI Laboratory reports.

In addition, more descriptive data has been added to items D-191, D-207, D-209 and D-211, as indicated herein.

During the above review, it was noted several articles have duplicate exhibit numbers, possibly caused by the examination of an original as well as a copy of a particular article. These duplicate numbers are as follows:

Item Number

117	D43
120	D42
225	D44
283	D9
444	D47
D51	D104 and D105
D71	207

The following information is set forth for the benefit of the Laboratory in rechecking the original exhibit where necessary:

Item Number

- 197 "Notebook" in foreign language appears preferable to "letter" in foreign language.
- 219 Name should be "ALEX KLEINLERER" rather than "ALEX KLEIN LERER".
- 328 The wording under this item indicates there are two articles; however, the photograph of number 328 shows only the dictionary. It is noted B6 may be the second article mentioned.
- 358 The postmark appears to be "23 763 13".
- 359 The envelope is postmarked "Paoli".
- 362 It is not known if the second envelope is postmarked "Irving, 10-7-63" as only the front of the envelope is shown in the photograph. It is noted the envelope in item 361 is postmarked this same date and place, but it appears to be a different envelope, due to the torn edge.
- 364 This item is described as letter "three pages written on both sides." Photographs indicate there are two separate letters, one being two pages in length, the other four pages.
