

REPORT
of theFEDERAL BUREAU OF INVESTIGATION
WASHINGTON, D. C.

To: FBI, San Antonio (89-67)

Date:

December 14, 1964

Re: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY, 11/22/63,
DALLAS, TEXAS
MISCELLANEOUS - INFORMATION
CONCERNING

FBI File No.

62-109060

Lab. No.

D-465279 AX

Specimens received 12/8/64

D-276 Envelope postmarked "MC ALESTER, OKLA. DEC 16 1963 4 PM" bearing typewritten address "Mr. John Connally Governor State of Texas Austin Texas", and accompanying one-page typewritten letter beginning "Dear Governor Connally: Lyndon Johnson was desperate..." and ending "....his mission - just in case- BRJ"

Result of examination:

Because of the inadequacy of the typewriter characteristics present and the fact that the letter of D-271 is a carbon copy, a definite conclusion was not reached as to whether the envelope and letter, D-276, and the envelope and letter, D-271, were or were not typed on the same typewriter.

However, significant characteristics appearing in the typing on the documents, D-276, which were prepared on a machine equipped with a Smith-Corona pica type spaced ten letters to the inch, appear also in the typing on the documents, D-271.

The letter and envelope, D-276, do not contain a watermark. The envelope of D-276 is an airmail envelope measuring approximately 9½ inches by 4.16 inches and is printed in red and blue. The paper of D-276 measures approximately 8½ inches by 14 inches.

The submitted evidence, D-276, is attached for the San Antonio Office for return to the Texas Department of Public Safety. Photographs are retained.
