

of killing him but yet entrepaining all hands  
& dephring people of this County of seeing  
that house suffer for what you did to  
our wonderful leader, his family & people  
of this County. And yet that this house  
had died. Don't believe the future in this  
County too much for its getting that can  
be compared to the time I got took  
trying to defend him & denying his guilt  
is only stirring up more hate, because  
the facts are there of his guilt and trying  
to deny it only makes you look guilty. One  
thing I will say I do feel sorry for  
his wife & child, because I do feel he is  
innocent since you did not associate  
with you all and attend that sticking  
business. As for the rest of your guilty  
things I hope the F.B.I. will get you  
out. I am sure that they will find out  
all the facts & if you all are guilty  
too, I'm sure they will find & see that  
justice is done. If I was in your shoes  
I would crawl under a rock where I be  
hidden I would show my face, I'm sure  
I'd want to make a statement in that  
no good lawyer defense <sup>the only one of them</sup> <sub>who put the whole case</sub>

Marguerite Oswald you all should be run  
out of this County, you do not deserve the  
right to live here  
And can you possibly have enough to say  
"my son" didn't have protection or what it was  
"Big" either way it would be about the same  
And in some way one felt the same way. If  
I knew you it would in a year or so  
keep my mouth shut. After what that thinking  
of a son of yours did it try to deny he was  
of my kin to me. Do you really think that  
dirty lousy snake deserved by protection  
the few people in this County who feel that  
that dirty lousy snake was only one reason for it, you  
know that thinking dirty lousy snake by every  
body out, you should have had to suffer for  
what he did to this wonderful man who all  
loved as much as could his dirty lousy  
life and conscience with this great man  
he took of me the policeman who was  
a nice citizen with a wife & three nice  
children. And can you try to defend such a  
lousy man, you know you're guilty of this County  
about your own request for you if you kept  
your mouth shut. Why only did what you would  
felt like being except it was the way you  
you would have had to suffer & would to suffer  
for what he did. I feel the same as not  
every body. That dirty snake should be punished.
