Dear Sirs:

Assassination of President Kennedy

I am very glad to know that our new President has ordered your Department to conduct a thorough investigation on the assassination of our beloved President Kennedy last Friday.

It was so plain to see on T. V. that with no out cry, but with a firm dedication our President's assassin was silenced by another person's weapon. To me it appears that these two acts of violence were not performed for mercenary reasons but for a dedicated cause. They seemed cold, & rational.

No matter, sirs, how long it takes I hope you never cease to seek Justice in this case, because in my opinion, our President was slain because of what he stood for -- Liberty.

May God be with you in your work for Justice, for this crime cries to Heaven for vengeance. Let us expose the evil doers.

Thank you.

Sincerely yours,

Mrs. Roy I. Clark
