Dear Sugar:

The fantastic events of the last few days bring several things to mind, which may or may not be of use to you, but I set them down here so that you may have them checked if you deem it wise, or otherwise.

Last summer before the Profumo Scandal broke in England I was tipped off to it. I was told if the British government were toppled, the world would be visited by a series of grave consequences: political scandals, toppling of governments, even assassinations.

Later I received in advance of its publication in the daily press the tipoff on the Bobby Baker scandal. This was followed by the assassinations in Viet-Nam.

I was not tipped off to Mr. Kennedy's fate but I was told he should not go to the south. I tried to warn him by a letter of this, but received no reply to my letter, and I am sure he must have thought me crazy to have written.

The source of my information I cannot reveal on principle. I will say this, it comes indirectly via Naples, Rome and Mexico City. As I understand it this group is trying directly to subdue the world by its trading, via the use of drugs and the white slave racket. China could be a part of it, via the USSR, via the Mafia, via the Gangster element in this country.

I was told that the US end of this group meet in several places in New York; they meet in the Mens Bar in the Dorf-Astoria, in a bar opposite the Hotel Esplanade and near the UN, in the Mens Bar at the Mayflower in the city at a place called Mike Zieberts (?) in Manhattan. Their purpose is of course to subjugate the world through the use of drugs, and as I said above the white slave racket. They would of course prefer doing this to the masses, than to deal with the masses.

It may be all bands like a fairy tale, but sometimes it is stranger than fiction. It may not be worth a lot to you. It might be worth a lot. I am reachable in the west the middle of next month. I shall be able to reveal no names to anyone save to you, and only I think names are irrelevant.
