FBI Seeks Films Of Assassination

DALLAS, Dec. 8 (AP).—The Eastman Kodak processing laboratory in Dallas is including in processed film returned to customers small slips reading:

"President's assassination. Should this film contain pictures taken of President Kennedy's assassination, call your local FBI office immediately."

The notifications were put in film packets beginning November 25 and will be included through this week end.

Kodak officials said it was done on "very strong request" from the FBI, although they were anxious to co-operate in any event.
