and the second second

Mrs. Marie Daiker, 201 E. Xenia Drive, Fairborn, 🐨 Ohio, advised the FBI telephonically on November 22, 1963, and and a second sec that she had some information concerning the assassination of Colder President Kennedy and requested that an agent contact her as soon as possible in person.

indexed a second second Mrs. Daiker was contacted at her residence by these agents on November 22, 1963, at which time she was indignant and stated she had not said anything in her telephone conversation to indicate she had information concerning the assassination of President Kennedy. She then stated she was going to travel to Washington, D. C. to give her information directly to Director Hoover of the FBI. She said the agents had not put her at ease and she would not furnish any information. She stated that she was an employee of Wright-Patterson AFB.

Mrs. Daiker then advised that about two years ago she was employed in Columbus, Ohio, by the National Detective Bureau. While there she met a Paul/Lancaster whom she referred to as a "cool character" who was a "crack pot" but sharp and smart. He was originally from North Carolina, and was an unemployed construction worker. She began seeing him regularly and at about the time of the last presidential elections he made the comment to her "How would you like to be in the White House." Also on another occasion he said "If you want to associate with Niggers, go ahead." These were the only comments she recalled that he ever made and she had no other information to indicate that he might be involved in the assassination of President Kennedy. To her recollection he had never mentioned the President and she was not aware of his feelings concerning the President. She had not seen Lancaster in the past two years and had no idea as to his current whereabouts. At this point she refused to discuss
