Where was GEORGE LINCOLN ROCKWELL on November 22nd?

The American NAZI Party (so-called) is a hate group that is always present at any activity that suggested "Peace" or "Humanity" or "Coexistence", trying to stir up trouble and breed hate-mongering.

They have (or Rockwell has) even managed entrance into Sen. Dodd's "Unamerican" Activities chamber hearings although what could be more Unamerican than NAZI'S would be hard to imagine.

Where, also, were ex-General Walker; radical oil man, Hunt, of Texas; Strom Thurmond...and the other radical, hate-mongering groups & leaders who are spending thousands and thousands of dollars spreading hate by direct mail - meetings - propaganda - viscious lies.

Enclosure: foto of article on AMERICAN NAZI PARTY.

FBI men, Cleon Skousen, and Karl Prussion -- both making a nice living from the spreading of hate and based entirely on the fact that they had been FBI men for 10 or 12 years.

You will note in the enclosed photographed sheets of a mailing piece from PRUSSION (12 years with FBI), which came to me as a result of my name being on Walter Knott's (Knott's Berry Farm, Buena Park) mailing list... as did the falsified Gov. Brown election folder showing him praying to Kruschev. Prussion accuses the former President Kennedy of "embracing" the communist conspiracy along with his "socialistic advisers".

Prussion is spreading his hate from San Diego; but the bumper stickers of the Fascists in Orange County say: "Impeach Earl Warren" - "Get Out of the U.N." - "Investigate the State Department" - and "Barry Goldwater in '64". In Orange County, if you even voted for Kennedy you are considered subversive. They hated him in Southern California -- but not as much as they did in parts of Texas, where most of the "hate" literature has been mailed from.

Page Two

FBI - cont'd.

Why is the FBI conducting an investigation? - the people won't believe the report. The FBI claim there is a Russian under every bed; if they can't PRODUCE ONE, THEY WILL MANUFACTURE ONE. This is the common "enemy"; the one we have never had a war with. Fascists and NAZI's have declared war on us twice -- they don't matter. Very nice guys. So the FBI will spend more of the taxpayers money coming up with spies that are EVERYWHERE -- but no one in the FBI can ever catch one, it would seem. They make a COMMUNIST out of a man who read Marx when he was a teen-ager. I'm going home tonight and burn my copy of "Russia & the West" before someone comes out to investigate me!

The FBI will back up the Dallas Police; they are all cut out of the same cloth. Witch-hunting, once more, is popular. Don't hunt for the truth; it never is, especially if the big money that is financing the radical right might get annoyed.

When history has been recorded, and providing the Fascists don't win out and take over to burn our controversial books once more (as they did under Hitler), the part played by McCarthyism and the FBI will make a tidy blot on our country's alertness and sense of fair play.

Whatever happened to Justice? There are too many of us who believed Oswald when he said he was "just a patsy" before the television millions...and we would like to know WHY.
