Mr. Robert Kennedy,
White House,
Washington, D.C.

Air Mail.

Dear Sir:

My studies in spiritism have revealed to me information which I consider may prove of some usefulness in clearing up the murder of your beloved brother and President John Fitzgerald Kennedy.

Two names have cropped up in this connection: John Langdon and John Waldron, both of Dallas, Texas. Should they really exist will you please advise me. I want to make it perfectly clear that no publicity or recompense of any kind is aimed at, as the satisfaction of having been able to do something for what we consider a world citizen is more than anything else to be expected in this earthly life.

Very truly yours,

Juan Mancuso
