FEDERAL BUREAU OF INVESTIG

Date Decomber 6, 1963

JOHN ADEMA, Princeton, Minnesota, advised that he and his partner own and operate the S. and A. Plumbing and Heating Shop in Princeton, Minnesota. His partner is DON STANLEY. One of the customers with whom they have done a considerable amount of business in the past is one WILLIAM T. CALEY of Wayne, Pa., who owns a large office building on the main street of Princeton. This building houses several business operations including the local office of the telephone company and also has four residence apartments on the upper floor.

Mr. ADEMA stated that he has known CALEY for a number of years and knows him to be a person who has very strong likes and dislikes and has often stated his dislike of Negroes and Jews. He also passes out literature, principally a magazine of sorts called "Common Sense".

According to Mr. ADEMA, CALEY spends most of the year in Pennsylvania but does make at least one trip to Princeton each year to look after his building. During that portion of the year he is in Pennsylvania he normally makes several long distance telephone onlike a seek to him and his partner relative to his building. In these calls he discusses matters pertaining to his building for up to rifteen minutes and then it is not uncommon for him to make comments on and discuss some topic of current national interest for several additional minutes.

ALEMA advised that he is unable to give an exact date, but he knows that it was a day or two prior to the March of the Negroes on Washington, D.C., that at about 9:00 p.m. he received one of the usual calls from CALEY at his home. On this occasion as in the past Mr. CALEY discussed matters pertaining to his building for about fifteen minutes and then brought up the matter of the above mentioned March on Washington. ADEMA stated that as near as he can recall CALEY stated "Look for some high government official to be shot or killed soon". ADEMA stated that it was not specifically said but he assumed that this predicted killing would be the result of some Civil Right action. The identity of the government official or the place of the incident was not given.

ADEMA stated that he does not recall what reply he made to this statement by CALEY, but he had no desire to be drawn into a discussion of that type and did not encourage further discussion.

The conversation was terminated shortly and he gave it little thought thereafter until after the assassination of President KENNEDY. In subsequent conversations with CALEY there was never any similar statement.

ADEMA also advised that his partner DON STANLEY was not a party to this conversation.
