Dear Mr. Hoover,

I would like your opinion on these two letters.

I should like to tell you about Rev Otten. He is a brain, and fearless. Once he attended a meeting at the E+R church, the public being invited. When he fearlessly accused the speaker of being communistic, the towns went in anger, accusing him of being a trouble maker.

I heard the last part of your radio speak, three weeks ago, and it was then that I decided to write to you.

This letter from Mr John E. Futen seems to be the feeling of many people.

It is my prayer that God will our country and protect and keep us from all harm and danger for Jesus' sake, in the name of our Father, Amen.

Yours sincerely,
 Steve Schless

Dear Mr Hover;

// I would like your opinion on these two letters.

I should like to tell you abit of Rev Otten. He is a brain, and fearless. Once he attended a meeting at the E & R church, the public being invited. When he fearlessly accused the speaker of being commumistic, the town went up in anger. Accusing him of being a troublemaker.

I heard the last part of your radio speech, three weeks ago, and it was then that I decided to write to you.

This letter from Mr. John E. Lutes seems to be the feeling of many people.

It is my prayer that God will our country and protect and keep us from all harm and danger for Jesus' sake, in the New Year. God bless you!

Theresa Scheer

P.S. Could I have a copy of your speech? I'll let Lutes read it.
