# Memorandum

TO : Mr. Conrad

DATE: 12/31/63

FROM : R. H. Jevons

SUBJECT: LEE HARVEY OSWALD, AKA.;  
IS - R - CUBA

The Dallas Office submitted to the Laboratory a blue jacket which was recovered from the Texas School Book Depository on 12/16/63. This jacket was positively identified as being Oswald's by his wife and was submitted for gunpowder residue, hair and fiber examinations.

Several head hairs were found in the debris removed from this jacket that microscopically matched known head hairs from Oswald.

None of the textile fibers previously removed from the rifle used in Mr. Kennedy's assassination could be associated with this jacket and no gunpowder residues were found on the jacket.

A report setting out the above results is being prepared.
