NOTE CONTINUED

For full details see A. Rosen to Mr. Belmont memorandum 4/30/64 captioned "Assassination of President Kennedy", JRM:mpd.

Briefly, this involves allegations that Carroll had developed information that a conspiracy of the John Birch Society was involved in the assassination. Because of Carroll's reported knowledge, he received subpoena to appear before inquiry court. From information available, it appears Carroll is a definite mental case. This situation is the subject of an inquiry from Mr. Rankin of the Commission. Rankin has been advised we are looking into this matter and when the results are submitted he will be appropriately notified.
