Signature of official performing revaccination

THE VALIDITY OF THIS CERTIFICATE shall extend for a period of 3 years, beginning 8 days after the date of a successful primary vaccination or on the receipt of a revaccination on the date of that revaccination.

The approved stamp mentioned above must be on a form prescribed by the health administration of the country in which the vaccination is performed. In the United States, the stamp is that of the local or State health department or the city health department. In other countries, the stamp is that of the local or State health department or the city health department, or the special "S-C" stamp approved by the latter service.

Any amendment of this certificate in respect of the vaccination or revaccination or failure to complete any part of it may render it invalid.

LA VALIDITÉ DE CE CERTIFICAT s'étend pendant une période de trois années à compter de la date de la vaccination primaire réussie ou de la date de la revaccination réussie. Dans les États-Unis, le tampon est celui de la santé locale ou de la santé de l'État ou de la santé de la ville. Dans d'autres pays, le tampon est celui de la santé locale ou de la santé de l'État ou de la santé de la ville, ou le tampon spécial "S-C" approuvé par ce service.

If unsuccessful vaccination must be repeated and a new certificate executed. In case of a revaccination, it should be accompanied by an original certificate from the date of vaccination.
