FBI File No.
Lab. No. 105-82555
PC-80761 BX

Examination requested by: FBI, Dallas

Reference: Airtel 5/14/64

Examination requested: Firearms - Miscellaneous

Remarks:

Assassination of

The rifle listed as C320 in the enclosed report has been photographed in the assembled condition and in the disassembled condition. Two sets of photographs, each set consisting of two photographs, are enclosed. One set is for the completion of your file. The second set should accompany the copy of the investigative report prepared by your office which is signed by the SAC and forwarded to the Bureau. This set will become the Bureau's file set.

It will not be necessary for the Dallas Office to prepare the usual two copies of the investigative report for the President's Commission since the information in the enclosed report was furnished to the Commission by letter dated 5/27/64, along with two sets of the photographs.

In any correspondence with the Commission, the "C" number of the rifle should be used rather than the "Q" number.

Re: **LEE HARVEY OSWALD, AKA.,**
IS - R - CUBA

Specimens received **5/18/64**

Q579 C320 U. S. Rifle, caliber .30-06, Model 1903 (Rock Island Arsenal), Serial No. 66091, obtained from Robert Adrian Taylor

Results of examination:

The correct description of the rifle obtained from Robert Adrian Taylor is as listed above. This rifle has been designated as C320 for record purposes. Examination of C320 showed that the upper and lower bands have been removed, the front portion of the stock has been cut off, the wooden hand-guard originally covering the top of the barrel has been removed, the rear sight has been removed and replaced with telescopic sight mount blocks and the bolt handle has been ground down and bent so that it would not strike the telescopic sight tube when the bolt is operated. All other parts appear to be original, unaltered parts. The rifle has the standard length of 43 1/4". The barrel has not been shortened. The length of the longest portion (barrel and receiver) is 31 7/8". The stock portion is 23 3/4" long which is less than the standard length of 40 1/3" for a "non-sporterized" stock.

C320 is being returned to Dallas under separate cover by Railway Express.
