File - OSWALD

Dear Sir;

Having been informed by you over the telephone on April 9 that all necessary papers have been completed in relation to my wife's American entrance visa, I assume that the hold-up to our leaving the U.S.S.R. arises out of the transportation problem, i.e., the money problem.

My relations in the U.S. have informed me that the Embassy has approached them, on my behalf, for money for tickets to the U.S.

I assume you my relations are quite unable to assist in this matter, that is why I had to apply to the Embassy for a loan.

I request that solicitations towards my relatives be stopped.

Also, I request that my approved loan application be honoured, as soon as possible, so that my wife and I can leave the U.S.S.R..

In regards to when you do finally call us to Moscow, whether by telegram or letter, you should not fail to specify through which point of exit my exit visa should be made out too, of course, it should be the same as my wife's designated point of exit.

Commission Exhibit No. 250

Sincerely,
Lee Oswald ✓

Dear Sir:

In Reply to your recent letter.

I find it convenient to come to Moscow for the sole purpose of an interview.

In my last letter I believe I stated that I cannot leave the city of Minsk without permission.

I believe there is a law in the United States also a law in regards to resident foreigners from socialist country, traveling between cities.

I do not think it would be

appropriate for me to request to

leave Minsk in order to visit the

American Embassy in any event,

the granting of permission is a long

drawn out affair, and I find that

there is a hesitation on the part

of local officials to even start

the process.

I have no intention of

stating my position here, and I am
sure you would not want me to.
I see no reason for my preliminary
reply not to be put in the form
of a questionnaire and sent to me.
I understand that general statements
emboldenly make to most of the Embassy
staff lighter, than written correspondence,
however in some cases other means
must be employed.

Yours
W. H. S. S.

that is, "without citizenship."

As well as the other conditions

I suggest you do some checking

up before advising me further.

I believe I have spoken

frankly in this letter, I hope

you do the same in your

next letter.

Dear Sir

In regard to your letter of

March 24, I understand the reasons

for the necessity of a personal visit

will at the Embassy, however, I will

to make it clear that I am asking

not only for the right to return

to the United States, but also for

full guarantee that I shall

not, under any circumstances, be

persecuted for my act pertaining

to this case. I made that clear

from my first letter, although

nothing has been said, even

regarding, concerning this in my

correspondence with the Embassy.

Unless you honestly think that

this condition can be met, I see

no reason for a continuance of

our correspondence, instead, I shall

endeavour to see my relatives in

the United States, to see about getting

something done in Washington.

As far as coming to Moscow, this would
have to be on my own initiative
and I do not care to take the risk of
getting into a awkward situation with
unless I think it worthwhile.
Also, since my last letter, I have
gotten married.

My wife is Russian, born in
Leningrad, she has no parents living,
and is quite willing to leave the
Soviet Union with me and live in
the United States.

I would not leave here without
my wife as arrangements would have
to be made for her to leave at the
same time as I do.

The marriage stamp was placed
on my present passport, after some
trouble with the authorities, so
my return so far as the USSR is
concluded, so the same as before.

Dear Sir,

Monroe, Nov 1, 1911.

RECORD OF THE U.S. DEPT. OF AGRICULTURE
I am writing to clarify my position in regard to my withdrawal in the U.S.S.R. and my eventual return to the United States of America.

My travel document, which is for foreign use, issued in the Soviet Union, was granted to me in Moscow, on Jan. 4, 1909, and was valid until Jan. 4, 1911, for one year. On Jan. 4, 1911, this document was expired, with my written permission, until Jan. 4, 1912.

I have stated to Soviet officials that I shall not make any commitments, signed or permit the expenditure of this document again.

However, the Soviet officials say, that if I have not received an explicit visa, for which I applied on July 30, 1911, they shall themselves, and without my permission, extend this document.

For a few weeks, we have still not been granted explicit visas, and still have not received any visas to our application, although I have repeatedly come to the officials in regard to our request for permission to leave the country. They have failed to produce any results and are continuing to try to hinder my visa in relation to the application.

In the future I shall keep the Embassy informed as to our progress.

Thank you
Sincerely,
W. H. R. Smith

I am of the opinion that the forged, and unperfected operation of this document would be unlawful.

One of several in testimony that the American Embassy support the view that the forged and unperfected operation of the temporary document for residents in the Soviet Union, of a citizen of the United States, would be unlawful?

The document in question, was shown at the American Embassy, by me, on July 5th, and I believe its contents are known, as well as its temporary nature and makeup.

However, in case you do not have information on it, here are the facts:
By the United States Coast Guard, by post, with NA 311479, District Letter No. 01 280. 111, August 11, 1962, by post, 24th St., Washington, D.C., to the Consulate General, New York, New York, dated August 4, 1962, at the request of the City of New York, in regard to it, and my wife's application.
