WHAT HAS FATE IN STORE FOR YOU?

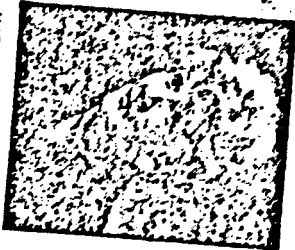

... A chance to explore the unknown ... truths you find nowhere else ... articles and stories to fire your imagination— that's what FATE has in store for you. Here is Editor Mary Fuller's report on stories planned for future issues:

• Reports of weird things falling from the sky keep coming in. Noted UFO investigator Carol Lorenzen describes an unexplained fall of strangely colored "foam" in Mexico.

• The fame of Eleuterio Terro, Philippine psychic surgeon, continues to grow. An American who watched him work presents a new report on his "bloodless" operations.

• So-called witches still gather in lonely places today to practice ancient rituals. A British researcher reveals the amazing and little-known nature of their ceremonies.

• One of the strangest mysteries of the sea are the great "wheels of light" seen under certain waters. Von T. Sanderson offers an amazing theory to explain them.

MARY MARGARET FULLER

Each month FATE publishes more than 16,000 words of true articles on the strange, the weird, the unknown. You can read each story only in FATE because FATE is the only magazine of its kind in the world!

How Lucas Ray built himself a lake with U.S. Savings Bonds

Like the untold million other Americans, Mr. Ray loves to fish. Unfortunately, in his part of South Carolina, public lakes are scarce.

Not one to be deterred, he embarked in a few thousand dollars' worth of Savings Bonds and built one. He has it well-stocked with crappie, catfish, bass and other fish. And an attractive 4-room cottage sitting beside it (also built with Savings Bonds).

In case you're wondering, Mr. Ray purchased neither crappie nor crappie, nor accumulated the money for the lake, fish and cottage by joining the Payroll Savings Plan.

Every week the company sends \$1 from his paycheck and he invests the purchase of a bond every month. His savings build up automatically.

Americans with all kinds of savings goals buy Bonds on the Payroll Savings Plan. And while their dollar build up a nest egg for their future, they help Uncle Sam safeguard our freedom right now.

Must be job of important thing you'd like to have in your future? Why not sign up for the Payroll Savings Plan where you work and see if it isn't the easiest way in the world to save for them?
