Dear Attorney General:

I am to blame for your thinking I was involved in the assassination of President Kennedy. The assassination was a shock to me -- I am not involved in the assassination.

Mr. and Mrs. James T. Braye of 1710 Patterson Street, Tuskegee Institute, Alabama, were happy for you to think it was I who planned the assassination, because it was the (present) Mrs. James T. Braye who planned it (the assassination). I found that out when you burnt up some papers in my house, which made Mr. and Mrs. James T. Braye rejoice. Then Mrs. Braye said "There was only one copy". Then I overheard her say she planned the assassination to make it look like her brother-in law, Dr. Edward T. Braye (Franklin Road, Tuskegee Inst., Ala.) planned it. She was seeking "revenge" on Dr. Braye for something.

Another night, you came into the house with Mr. and Mrs. James Braye. I said to myself "He knows it was Mrs. Braye who planned the assassination." (I was in a confused state that night. I had been thinking someone might think I was involved in the assassination because the President had come to my house once.) You even thought I had been romantically involved with the President, when Mr. and Mrs. Braye and I were referring to a romantic involvement I had with a Mr. Cantor. It was Mr. Cantor we were talking about, not the President. I have never been romantically involved with President Kennedy. Mr. Braye, in trying to hide his wife's involvement in the assassination, tried to make you think I had been romantically involved with President Kennedy. It hurts me to think anyone would think that when it is not true.

I just let you think what you wanted to think that night. That was my mistake. I should have talked to you and told you the truth.

When I said "I didn't plan the assassination", You thought I said "I did" plan it. I let you think what you thought, because I knew that I was innocent. And that I can trace every move I have made all my life.

To say that I was to blame in the assassination is a
rumor. I could carry this case to court to get my name cleared.

I believe if you questioned Mrs. James T. Braye again
she might tell you the truth.

Yours truly,

E. Williams
