

Earl Ruby Deposition, June 3, 1964, Ex-2

Ex. No. 2 RUBY, Earl Deposition
Washington, D. C. 6-3-64

Gentlemen:

I'm filing this document with you because it explains why I need the help of the United States and more especially your help.

My brother Jack, was deprived and is being presently deprived of his constitutional and civil rights.

The hatred and bigotry in Dallas, Texas resulted in the assassinations of our presidents. I almost lost the lives of our present president Mr. Johnson and others.

Earl Ruby

Earl Ruby Exhibit 2

With all the protection that the gov could give, it could not guard against and prevent the assassination.

My family and myself are unable to cope with this situation and it may result in my brother's death as pointed out in the document, my brother's job is being made the scapegoat in this horrible situation. I therefore need and respectfully request your assistance in order that those guilty of this atrocity, either because of their acts of omission or neglect or commission shall not be unpunished.

or undisciplined.

I don't think that my brother who had nothing to do with the assassination of the president should be the only one punished.

My family as well as myself, have almost exhausted all of our resources in an effort to protect my brother's civil rights but now I'm calling upon you for the help we need.

~~I am ^{with you} attaching a copy of the letter entitled "My Family Did Not Consent" to further explain my statement to you.~~
