"No doubt, it will surprise You very much hearing of a Factory of Your deseased husband, but it is real true. na a casa na sarata pang pang kasa

"There is a lot of things You have not heared of, hence, we have taken the liberty to send You this letter. Please, realize the following sentences are of paramount importance, not only to You, but also to impotant personallities, so take good notice of them.

"President Kennedy has been liquidated and Your husband has 🔬 been murdered the same day, a few days later, Lee Oswald has been shot down by Rubby. Have You never thought there must be a secret connection between Oswald and Rubby? Well, dear Madam, there has been indeed, and more, Your husband was also a member of the gang. Amazed at it? Madam believe us, we have all evidence here with us. The death of President Kennedy must be attributed to a fanatic political opponent of the President, a certain Covernor of one of the States of the USA.

"The Governor did not feel safe with regards to the Election of President next year, so that Kennedy should be disappeared. In order to achieve this result, this opponent seeked contact with Oswald, of whom was Known to be a very strong antipode of the American Intern Policy, and also with us.

"After Oswald had succeeded in liquidating Pres. Kennedy, Your husband had the order to act as if he was going to arrest Oswald. Unfortunately, Oswald did not recognize Your husband for some reason, and so he shot him down.

"Further, each of us should receive an amount of hundred thausand dollars from the said Governor. As agreed upon, the Governor should pay 75% in advance and the remainder by us self,

"However, Your husband is no more to pay his part of the remainder ad. 35,000 dollars. Will You please complete the .work of Your husbands? Evidently, his was doing this for You , and his children, beside, let him not gave his life for nothing.

"Moreover, if the money should not be paid in time, the sellers of the Factory may get impatiently and spoil the whole thing.

"Of course, You do not have to remain share-holder if You do not want to, later You can sell Your share again. This is done only to prevent difficulties for the time being. يونج وأيركي المرارية الأركي التبنية والموار المستحار

"So dear Madam, do not be too self-conceited or suspicious, later everthing will be clear to You. It is urgent, so hurry, Madam, send 35.000 dollars then You and we are safe, do not walt too lang.

"Go to Your Bank and send us a covered cheque of the said amount, or open a Bank Account with a Bank at Switserland, without conditions On name of WOLFGANG AE 090822, message of confirmation way be sent to Mr. Charles/Rozenblad, Admiralengracht 142.L. Amsterdam, The Netherlands.'

"Flease realize, Madam, if You refuse to cooperate, You will dig Your own grave, besides, You have nothing to loose. میجهد که در بارد. وی میک ام کام بر میچ دارد میکود با آن کردند. در انتقاع در آن کردند.

"It is worth finishing the job, Your husband has started for You and children, so pick up the, were Your husband had had to drop it. ي و م

In conclusion, we wish you success, wisdom and courage.

1 -

On January 14, 1964, the letter and envelope addressed to Hrs. TIPPIT were forwarded to the FBI Laboratory.

By communication dated January 27, 1964, the FBI Laboratory advised the typewriting on the letter and envelope was not identified with any of the material in the Anonymous Letter File. The typewriting was prepared on a machine equipped with a foreign style of type known as Ransmeyer and is manufactured in West Germany and the manufacturer is alleged to be the world's largest exclusive manufacturer of typewriter type. The manufacturer also supplies several American typewriting companies in addition to major European companies for this particular style of type.

The physical characteristics of the paper were examined and no watermarks, indented writings, or other significant features were noted which would indicate the source of the paper used.

Two latent fingerprints of value were developed on the letter. No latent impressions of value were developed on the envelope.

By communication dated February 3, 1964, the Bureau advised the indices failed to identify the writer of the letter.

By communication dated February 4, 1964, a confidential source abroad advised as follows:

Dr. ALFRED CARREL, Swiss Central Police Bureau, has informed that it would be impracticable to attempt to locate a numbered bank account in Switzerland without knowing the name of the bank or the city where the account was located.

It is noted that in the original letter in this case it is not indicated that this account has already been opened but it is asked that an account be opened.

PEW: vm DL 89-43

By communication dated April 8, 1964, a confidential source abroad advised as follows:

Officers of the Amsterdam (Netherlands) Municipal Police made inquiries at the Amsterdam Register Office and discovered that the occupant at Admiralengracht 142, first floor, Amsterdam, is ALWIN EDGAR PHILIP WOLFGANG, bern August 9, 1922, at Paramaribo. WOLFGANG is a streetcar conductor employed by the Amsterdam Municipal Transport Company. Folice Inspector A. G. M. JOZEN was advised by the Personnel Department of the aforementioned company that WOLFGANG is employed as a streetcar conductor and is at present being trained for the third time as a driver. He is considered by company officials to be a rather strange individual whe feels he is discriminated against because of the place of his birth and because he is a Negro.

WOLFCANG was summoned to Headquarters, Amsterdam Police Department, by Inspector JOZEN on February 13, 1964. In response to questions, he stated the following: His full name is ALWIN EDGAR PHILIP WOLFGANG, and he was born August 9, 1922, at Paramaribo, and presently resides at Admiralengracht 142, first floor, Amsterdam, The Netherlands. He is married to the former CELIA JACOBS, who was born October 23, 1933, at Utrecht, The Natherlands.

The following is a quoted statement from WOLFGANG, translated from Dutch:

"The letter to Mrs. Tippit has been quite invented by me and typed with my cwn typewriter. In that letter I used the plural form and spoke of a gang to give the impression that things were real. The subject-matter for that letter did I take from newspaper reports, for instance a report on the alleged secret association between Oswald and Ruby. My mentioning a Governor does not refer to a particular person. This has been quite invented. I fixed the sum of money at such a large amount so as to suggest that it was a real case, so not a begging-letter. The name Charles Rozenblad is the name of my halfbrother. He has not any knowledge of this affair. The signature to

26

"the letter has been put by myself. I am no longer able to make a similar signature. I know no person by the name of THOMAS WILLIAM EVERSHIRE. I think EVERSHIRE is a place in England. When I had written that letter I waited before posting it until Thursday, because I thought that day would be a lucky day, this as to the possible consequences of that letter. I new fully realise that the contents of the letter are mean and on further consideration I would have done better by not writing it. There is no such organisation that occupy themselves with these practices.

"The reasons why I have written the letter are these:

"(1) a desire for sensation;

DL 89-43

"(2) greed for money, an easy way to get money;

"(3) the misjudgement of my being capable of writing

letters in a foreign language.

"I think myself the best man in the world, a sort of superman. I don't trust any organization or fellow-man. Generally I feel myself put behind because I am a Negro. It is my feeling that the colour of my skin prevents me from getting on in life. I myself have a feeling and an idea that I am capable of doing more or being more than I do or am at the present moment. I must say that I have not experienced that I have really been put behind in the Netherlands.

"I wish to state in addition that early in January, 1964, I wrote a similar letter to an old lady-singer in Italy who had appeared at a theatre in Austria. In this letter I asked for a remittance of a sum of money to me under the code-number WOLFCANG AE 090822. It may be that I used other words or names, but the purport of this letter was the same:

"In June, 1963, when the Profumo Affair was on, I wrote a letter to Mrs. Profumo, in which letter I told her that I was in i possession of certain documents of Christine Keeler in which she reveals secrets to the Russian Attache, who was also involved in that effair. I also asked to remit a certain sum of money and if

"this would not be done I would send the documents to Scotland Yard. All the things in the letter had been made up. I kept one copy each of all the letters I had written, until I became aware that the police had found out that I was the writer of those letters. I then burnt them.

"I prowise that I will never occupy myself with these practices aggin, because I now see that my writing such letters is mean and immorgi."

Inspector JOZEN stated that he considered WOLFGANG not guite normal. When JOZEN interviewed him, WOIFGANG was very nervous and often stammered in answering questions. A difficult question put to him would cause him to squirm in his chair and stammer. Inspector JOZEN said it is his opinion that WOLFGANG has an inferiority complex and tries to compensate by writing letters of the type he wrote to Mrs. TIPPIT.

The Directie Politie, Ministry of Justice, The Hague, The Netherlands, reported that WOLFGANG should be considered as mentally subnormal, and that therefore his case is being handled as a subnormal, pathological, rather than as a criminal action. His mental state is being reported to the corpany which employs him.

WOLFGANG has no criminal record in The Netherlands.

By communication dated April 8, 1964, a confidential source abroad advised the original of the letter which WOLFGANG sent to West German industrialist KRUFP was being forwarded to the FBI Laboratory.

By communication dated April 23, 1964, the FBI Laboratory advised it was concluded that the typewriting on the letter addressed to Frs. IIFPIT was prepared on the typewriter used to prepare a letter written to industrialist KRUPP of Germany. Both were purportedly typed on a Remington typewriter with Rem-Riter type number Nr 320641 belonging to ALWIN EDGAR PHILIP WOLFGANG.

5 51 89-49 . 4 DL 89-43 By communication dated April 28, 1964, the FBI Laboratory advised the latent fingerprints developed on the letter to Mrs. TIPPIT were not identical with the fingerprints of ALWIN EDGAR WOLFGANG. On May 18, 1964, the facts of this case were presented to Assistant United States Attorney B. H. TIMUNS, Jr., Dallas, Texas, at which time he declined prosecution due to the fact ALWIN EDGAR PHILIF WOLFGANG is considered mentally subnormal and that the case is being handled in The Netherlands as a pathological rather than a criminal case. ار بیم در بیم می در میدود. او بیم در بیم می در در م **:** "3 Server and the server
