HOTE:

San Diego PCI furnished information that had learned that LeoySnyder had secured a copy of President Kennedy's death certificate and was going to duplicate this certificate in an effort to sell copies at a profit. Byder admitted receiving a copy of the certificate from a friend, whom he refused to identify. Snyder stated after discussions with his attorney he determined he was on safe legal grounds. However, it would be in bad taste to continue with this scheme and he decided against any further action. Upon initial receipt of fragmentary information, the President's Commission and Secret Service were immediately advised. With the furnishing of the enclosed communication from San Diego, it is felt we have handled our responsibilities in this matter and no further action appears varranted and home is recommended. Dissemination to Secret Service via 0-141 9/22/64.
