ASSASSINATION OF PRESIDENT  
 JOHN FITZGERALD KENNEDY  
 11/22/63  
 DALLAS, TEXAS  
 MISC - INFO CONCERNING

ReSAairtel 10-29-64 relating to [redacted] of [redacted]

For the information of receiving offices, it appears [redacted] is identical with one [redacted] of [redacted] who had been arrested on 11/29/64 for being intoxicated. [redacted] at the time, claimed he was responsible for the assassination of President Kennedy and later when interviewed by an Agent of the FBI admitted he had no part in the assassination and was intoxicated when he made the initial admission.

In view of the statements incorporated in [redacted] letters to Mr. Hardy Hollers, it is felt this information should be promptly incorporated in an appropriate letterhead memorandum and submitted to the Bureau for dissemination to Secret Service. Secret Service should also be advised locally.

El Paso should be alert to the development of information indicating that [redacted] may be suffering from a mental illness. If such information is developed, it should be appropriately reported.

El Paso should complete its investigation of this matter and submit the results in a letterhead memorandum to act as a supplement to the LHM which will be submitted by San Antonio. Further reporting of this matter by Dallas not necessary.

**NOTE:**

[redacted] in two letters to the Chairman of the "Texans for Goldwater" in Austin, Texas, made some incoherent statements regarding the assassination which in essence indicated he had knowledge of the assassination prior to its occurrence. In a second letter the writer alleges Communist influence in the assassination and their ability to compromise President Johnson and his staff. It appears the writer may be suffering from mental instability. The information previously developed on [redacted] was incorporated in an El Paso report of SA David J. Reid dated 12-1-64 captioned, "Lee Harvey Oswald, IS - R" which was furnished to the U. S. Secret Service on 12-19-63. When the letterhead memoranda are received, appropriate dissemination will be made.
