Re Los Angeles airtel to Bureau 11/27/64.

Enclosed for the Bureau, a copy of a document entitled, "How President Kennedy Really was Killed," furnished the Los Angeles Office by GEORGE C. THOMSON, 1528 Canada Boulevard, Glendale, California, in which he refutes certain information contained in the Warren Report. It is being furnished the Bureau only because THOMSON advises it will be published. The initial printing, he states, will be 10,000 copies, and the Bureau may receive inquiry regarding it. The document need not be returned to the Los Angeles Office.

THOMSON appears to be a person of some means, a prolific writer apparently obsessed with the idea that OSWALD is not responsible for the death of President KENNEDY. His general demeanor raises a question as to his mental health. He telephonically advised the Los Angeles Office on 12/1/64, that he was continuing his analysis of the Warren Report, and was making the enclosed document available to the Bureau for the latter's assistance, in the event of possible inquiries received by the Bureau.
