It was nice to hear that you are staying on as Chief of the P. F. I. although I believe you should be president because we surely need a pan who will keep our country free if it is not already too late. May do our Congressman not investigate the State Tept. and the C. I. A., why have our past presidents as well as the present one been allowed to let things got in such a shape, the last four presidents have sorta been truitors. They the can't say they didn't know because there have been so many wardings, hen who have defected and have warned us still we are told we must co-exist at the stre time they are shooting down our boys. These ten who are supposed to defect, can we sure they are not miles, just to get in as deep as they possibly can? What good is all your work if they do not abide by your findings? I would like to tell you what I have been thinking about the accacination, it a vas a terrible thing but -- there was a statement made that the car Mr. Johnson yes riding in was a little farther away from the car the president was in. Er. Johnson wanted to be president in the worse way, how else could he be butfor a while it was said that Mr. Kennedy was a one term man so LTJ could not a ride his coatteil, then it was said he might run but who would be his running note, several men were named but not Ir. Johnson. How was he going to get inf Some one has mentioned a family I believe in Louisana by the name of Stern, the Payne or Paine family in Texas who befriended the Ossald family are Soris or squaintences of the joingon ferily. The did it en for when, Will assassing align of the assassing tion, why does the confission / sa we will never know the truth, why was it formed, why could not the F.B.I. and the Attorney General of Texas investigate? How can we possibly get the many comminists out of our government, they are dictating to us even now? On one set evaning broadcast something was said about finding the body of a secret service an in the building where Oswald was supposed to have been, why have we not been told nore about it, whether it is true or not we do not know. o wish you the best of health, and continued success, God be with you all - 2 Z 62-109060
