## INFORMATIVE NOTE

Date March 8, 1967

We have previously received information that Jack S. Martin, the mental case on whose information Garrison reportedly has launched his investigation, is trying to peddle a tape containing his allegations regarding the assassination. Ray Berg, Pace Setter Publishing Company, New Orleans, reportedly has negotiated with Martin re such tape. On 3/3/67 we received information from a reliable source that Berg expressed his opinion Garrison's investigation a hoax, and that Berg is afraid for his life in his dealings with Martin and reportedly would give Martin money to get out of town. Source stated that on 3/1/67 Martin telephoned Berg at time source was in Berg's office at which time Martin was in a very excited state and threatened to take his own life and take Berg with him. Our source added that Berg is convinced that Martin is insane.
