

UNITED STATES GOVERNMENT

Memorandum

TO : The Director

DATE: 4-27-67

FROM : N. P. Callahan

SUBJECT: The Congressional Record

Pages H4113-H4120. Congressman Kupferman, (D) New York, submitted a resolution (H. Con. Res. 312) to establish a joint committee to determine the necessity of a Congressional investigation of the assassination of President Kennedy. He advised that in the 90th Congress he introduced House Concurrent Resolution 1023, pointing out that the official report, with respect to the assassination of President Kennedy, had created more doubts than it had settled. Mr. Kupferman inserted in the Record the statement he made at the time he introduced H. Con. Res. 1023, together with an updated U. S. Library of Congress listing of various articles and books dealing with the Warren report and the assassination of President Kennedy, and correspondence he directed to the Chief Archivist and President Johnson relative to the X-rays and photographs of the autopsy. Mr. Kupferman, in his statement, makes reference to the critics of the Warren Commission and states: "Finally, the critics suggest as typical of the superficial nature of the Commission's work, that the Commission never independently investigated rumors, whether Oswald was a paid informant of the FBI, but merely took the word of FBI officials, principally J. Edgar Hoover, that he was not. They say the question that the public is left with now is whether the Commission's commitment from the onset of its assignment was less to the discovery of revelation and truth than to dispelling rumors that would damage the national interest."
