ASSASSINATION OF PRESIDENT JOHN  
FITZGERALD KENNEDY, NOVEMBER 22,  
1963, DALLAS, TEXAS

At 1:10 a.m., Central Daylight Savings Time, July 31, 1967, an individual identifying herself as [redacted] (phonetic), Los Altos, California, telephoned the San Antonio Office of the Federal Bureau of Investigation to advise that she had information concerning the assassination of President Kennedy.

[redacted] said that she had a friend by the name of [redacted] Sam H. Burris, and that she had received information that Sam H. Burris was being held in the Spohn Hospital, Corpus Christi, Texas, against his will because he has learned something important concerning the killing of President Kennedy. [redacted] said that also being held there is the present District Attorney, a man known to her only as "Lester". She explained that these men are kept under narcotics and are "hidden" away at the hospital under the care of one Doctor Fitelli, and one Dr. Paul Gutman (phonetic). According to Luby, these men are being paid by one George B. Parr to keep them quiet and from telling what they know.

[redacted] said that she understands that this is all part of a political matter headed up by President Johnson and is directed through the George Parr machine. She also stated that these men must be found and gotten away from the hospital at once as their lives are in danger. She also said that hospital personnel will try and conceal their location from any inquiry.

[redacted] advised that she is an heiress to the [redacted] fortune and that she had notified the San Francisco FBI Office and was going to call FBI Headquarters in Washington concerning this matter.
