ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY,
DALLAS, TEXAS, NOVEMBER 22, 1963

On July 27, 1967, Carlos Quiroga, self-described anti-Castro Cuban exile, voluntarily appeared at the New Orleans Office of the Federal Bureau of Investigation (FBI). LA

Quiroga made reference to the transcript of an interview of Quiroga by Orleans Parish District Attorney James Garrison, a copy of which had been furnished to the FBI by Carlos Bringuier on July 18, 1967. Quiroga stated he did not tell Garrison that he had ever worked for the FBI. Quiroga stated he has never worked for the FBI, has never been paid by the FBI, and has never told anyone that he worked for the FBI. He said that all of his conversation with Garrison was not included in the transcript and that some of the things he said have been changed or things added in order to give a bad impression of himself.

Quiroga advised that he learned on July 27, 1967 from [redacted] that while Quiroga was in a room before going to Garrison's office for the interview on [redacted] photographers from "Life" magazine took pictures of Quiroga. He stated that while he was sitting in the room, Louis Ivon, investigator for Garrison, put a rifle, on which was attached a telescopic sight, on a table behind where he was sitting. He said that when he looked to his left to look at a map hanging on the wall, Ivon placed the rifle under the map at which he was looking. He stated that, according to [redacted] he was being photographed all that time.

Quiroga advised that sometime in January, 1967, David W. Lewis told Garrison that someone had shot at him. He stated that [redacted] told him that Garrison had ordered Gurvich to arrest Quiroga on a charge of shooting at Lewis and that Gurvich had gone to Quiroga's residence on approximately January 20, 1967, to arrest Quiroga, but Quiroga was not at home. Quiroga said that Lewis later admitted that no one had shot at him and, therefore, he was not arrested on that charge.

Quiroga stated that he also learned from [redacted] that Mr. (first name unknown) Jacobs, who gave him the lie detector test, has not said that Quiroga lied in the test. Quiroga stated that [redacted] had told him the test was not given properly and that Jacobs is willing to testify to that fact. Quiroga said that Garrison had stated Quiroga would be arrested if Quiroga did not take the lie detector test.

Quiroga stated that he has learned through his own investigation that Garrison has lied to the Orleans Parish Grand Jury in that Garrison told the Grand Jury certain things that people had said about Quiroga's associations with other people. He commented that Garrison had "purposely lied" in that regard.

Quiroga advised that he knows the FBI had talked with Richard Davis in Houston, Texas. He stated that he recently talked to Davis via telephone about the camp that was set up across Lake Pontchartrain from New Orleans, and that he made a tape of his conversation with Davis, which Davis did not know was being recorded. He stated that he had recorded the conversation for his own protection because Davis has lied in the past. He said he would be glad to let the FBI listen to the tape if the FBI so desires.

Quiroga stated that Assistant District Attorney James L. Alcock "outright lied" at the hearing of newsman Walter Sheridan on July 27, 1967, in the respect that he stated "everyone was being treated right by the Grand Jury". Quiroga stated that he "was not treated right" and that he had been "thrown out of the Grand Jury" by Garrison. He stated that Garrison told him to "get out".
