INFORMATIVE NOTE

Date 1/6/68

Attached indicates that [redacted] for whom warrant has been issued by New Orleans District Attorney Jim Garrison, contacted Resident Agency in Van Nuys, California.

[redacted] was not investigated and his name did not come up in connection with our investigation of the Kennedy assassination. His name does not appear in the indices of the Warren Commission report.

We do not know why Garrison has issued warrant for [redacted] arrest. News media have speculated that Garrison has issued warrant for wrong Bradley and actually is interested in Leslie Eugene Bradley, who formerly was in prison in Cuba and a self-described soldier of fortune.

Data in attached teletype will be furnished to the Department.
