Dear Senator Kennedy:-

Please find New Ross Article enclosed.

I was told in Ireland that I was being harassed by U.S. Government Agents.

Shortly after the article was printed I was forced to live 60 Day's on Bread and Water. I have been under constant harassment since I returned to the States last May. Have had 1 night's rest of these past 4.

About 1930-age 15- I had a Vision in which I was told that I would go on a mission which would take me to New Ross, Ireland. And then there would be a New World!

Anything you can do to relieve the harassment will be deeply appreciated.

Sincerely,

Walter W. Amenhauser
