

THE GRAND CONSPIRACY

by  
[REDACTED]

I was a friend of President Kennedy. I was silent all these years about his assassination because of Hubie who told me that should I ever speak about President Kennedy I will finish like him. I have read Warren Commission report in which it is stated that President Kennedy was killed by one man only: Lee H. Oswald. I was surprised to see that all the investigations by the Federal Bureau of Investigation have not discovered the conspiracy of which I knew and President Kennedy.

President Kennedy was for peace, racial equality and better life for all people on Earth. Lee H. Oswald didn't think like that about President Kennedy. After Oswald was in Russia he had come to see me in Auckland and this is what we talked:

"In Moscow they talk a lot about you," Oswald said after he introduced himself to me.

"What they talk about me?" I asked him.

"They talk about your books that you have written for peace. Soviet Union is for peace."

"Yes, I know but United States are for peace also."

"Not all Americans are for peace. The big capitalists are not for peace. What do you think about President Kennedy?"

"I think that he is good president."

"You think that, do you? Kennedy is for the wall street because he is capitalist. You know what I will do when I come to United States?"

"No I don't know what you will do when you come back to your ex land."

"What I will do will rock the world."

"What can you do that will rock the world?"

"You will hear about it in not distant future."

Of course then I didn't know that Lee Oswald was speaking about pending assassination of my friend John Kennedy. Later on a man told me that President Kennedy is going to be killed in Dallas, who wanted to kill president who was for peace and economical progress of mankind? It was President Kennedy who gave me the answer on that question. This is what President spoke with me here in Auckland on the street:

" You are my friend, [REDACTED]!"

" Yes John : I am your friend and the friend of American people. "

" I know that but I must tell you that there are people in America who are against of my policy of peace and good will toward Communist countries. "

" Well... I know that there are people like warmongers but I think that most of the people in America and the rest of the world is for you. "

" They will kill me, [REDACTED]"

" Kill you? Who will kill you? Are you not protected all the time. "

" I am protected but there is a conspiracy to kill me among very powerfull people and there is even a man who is very close to me who is the head of organised conspiracy. "

" Why do you not arrest them? "

" I cannot because there is no evidence and you must know that president cannot do all that he would like to do. "

" Why are you saying this to me, John? "

" I want you to know that I will die for the people. "

" I see; you want the people to know that you have died doing your duty. "

" Yes. "

" I am sorry that you have to die that the policy of peace succeed here on Earth, I will do my best, John, to safeguard your true image in the history. "

It was night when Hubie had come to talk to me. This is what we talked on the street in front of Capitol Theatre film-house:

"You are friend of President Kennedy?"

"I am: he gave me the handshake in Paris American Embassy. Why do you ask me?"

"You are class and I want to help you."

"To help me in what?"

"To stay alive, I have come to warn you: never talk to any one about President Kennedy. We don't like him in America."

"How can you say that when he won the election?"

"Election are not important. We don't like his policy that is for negroes and we don't like his world policy that is trying to make peace on earth."

"I see: you don't like peace when the war could kill us all. I thank you for your warning but you can be sure that I will remain always friend of President Kennedy. You can tell that to your associates, I am for peace like my friend is for peace."

"I see: you do have class; you are not afraid to die for your principles. I told them that you will be like that. Well all that I have to do is to see that no one ever knows about us who are mixed involved in conspiracy."

The three men: John Kennedy, Lee Oswald, Hubie and I knew the real reasons why President Kennedy was killed in Dallas. The grand conspiracy had killed President and the world once again had come into darkness. President Kennedy indeed was great in his spirit like my King Alexander of Yugoslavia who also died in France for his people and peace in the world. As King Alexander had told me about his pending death so my friend Kennedy had told me of his life's end without sorrow. They have died that light may come to all people on earth.
