The President
Washington, DC.

Dear Sir: John F. Kennedy

I wish to express my very strong hope for a
cessation of the investigations into the assassination of
President John Kennedy, Mr Robert Kennedy, and
Mr Martin Luther King Jr. I believe this action
should be entirely independent of control by the President,
and I find that my friends and neighbors feel
the same way on this matter. We would not support
the President's action opposing the renewal of these
investigations. We trust you agree.

Sincerely yours,
