HONORABLE W. HENSON MOORE
HOUSE OF REPRESENTATIVES
WASHINGTON, D. C. 20515

Dear Congressman Moore:

Reference is made to your letter of February 25, 1976, wherein you requested the results of the neutron activation analysis conducted on bullets and bullet fragments in the President John F. Kennedy assassination case.

Enclosed are two pages of an evidence listing so that you may identify the specimens, a three page compilation of neutron activation results and fifty-four pages of data which give rise to the results listed in the compilation.

I hope this material will be of assistance to you.

Sincerely yours,

G. M. Kelley
