Honorable Sam Nunn
United States Senate
Washington, D. C. 20510

Dear Senator Nunn:

Your communication of March 23rd enclosing a copy of a letter signed by several of your constituents in Marietta, Georgia, was referred to the FBI by the Department of Justice and received here on April 3th.

I understand the interest and concern which prompted them to suggest that the FBI reopen its investigation of the assassination of President John F. Kennedy. As I am sure they are aware, this Bureau conducted a prompt, intensive and objective investigation of the assassination of President Kennedy at the request of President Lyndon B. Johnson. Results of our investigation were fully and accurately reported to the President's Commission on the Assassination of President Kennedy. All available evidence pointed to one conclusion--that Lee Harvey Oswald acted alone in this crime.

From time to time certain questions have been raised by individuals and organizations concerning certain aspects of this case and they have been thoroughly considered by the FBI. To date, we have received no information to warrant reopening the full investigation of President Kennedy's assassination. Any decision regarding reopening the investigation would be the responsibility of the Attorney General.

I am returning your enclosure in accordance with your request.

Sincerely yours,

G. M. Kelley
