GENERAL INVESTIGATIVE DIVISION

This concerns the continuing investigation into the assassination of President John F. Kennedy, 11/22/63.

In December, 1976, IRS Headquarters furnished to the Attorney General (AG) information recently received by IRS, Dallas, alleging that the FBI was in possession of letter written by Lee Harvey Oswald to Nelson Bunker Hunt, prior to the assassination of John F. Kennedy. IRS, Dallas, further alleged that they had received information that Hunt had organized a "kill squad" and that Jack Ruby and a Eugene Braden visited Hunt's office on the day prior to the assassination.

FBIHQ and FBI, Dallas, indices searches disclosed no reference to the Oswald letter dated 11/8/63. This information has been furnished to the Senate Select Committee on Intelligence.

Attached Dallas teletype advises that [redacted], IRS, Dallas, was interviewed on 1/27/77, at which time [redacted] stated he received a copy of the letter from a source identified as [redacted]. In attached teletype, however, Bufile references disclosed spelling to be [redacted] who received copy from a Dallas newspaper reporter, Earl Golz, who in turn received copy from (FNU) Hernandez (phonetic), Midlothian, Texas, who in turn received copy from an unknown individual in Mexico. Following interview of [redacted], he subsequently contacted Dallas FBI and advised that [redacted] had furnished him copies of the above documents which indicated that the letter transmitting a copy of the alleged Oswald letter was sent from "P. S." who furnished an address of Insurgentes Sur No. 30, Mexico, D. F., Mexico. On 1/27/77, [redacted] furnished to FBI, Dallas, a copy of the transmittal letter, which was a Xerox copy upon which the sender's name and the recipient's name were blocked out and also a copy of the envelope which contained the Mexico letter, as well as a copy of the alleged Oswald letter. [redacted] further advised that he does not know where [redacted] obtained these documents but speculates they were obtained from Earl Golz. In addition, [redacted] advised that he has now received the 1971 records of his office pertaining to this matter; however, he will require specific authority from IRS Headquarters, Washington, D. C., before releasing any of this information since it appears that the non-tax and tax information are not segregable.

Dallas will locate and interview [redacted] and [redacted] since information in Bufiles indicates that [redacted] may have provided Golz with documents obtained while in the employ of H. L. Hunt during approximately 1972.

Legal Counsel Division has ^{advised} approved that the attached Dallas teletype will be provided to Senator Hart at 3:15 p.m., 1/28/77 for his review (access only) in accordance with Departmental instructions in this matter.
