The FBI Scientific and Technical Services Division is requested to conduct appropriate examinations in an effort to establish the name and address of the addressee on these documents. Visual examination by Dallas of the enclosed August 18, 1975, letter reflects that when the letter is viewed at a certain angle, some of the underlying letters are partially visible.

The FBI Scientific and Technical Services Division is requested to conduct the above requested examination on a most expeditious basis and telephonically contact the Dallas Office and [REDACTED] FBIHQ, Extension [REDACTED], of the results. The Scientific and Technical Services Division is also requested to translate the August 18, 1975, Spanish letter. IRS has already tentatively translated same and a copy of this translation is enclosed.
