SUPPORT YOUR

LOCAL POLICE

They need it. The Communists know, as the American people do not, that the city and community police forces now constitute one of the most important remaining obstacles to the gradual, insidious, and at first invisible, establishment of the mechanics of their Communist police state. The local working police are the best friends everywhere, of anti-Communists like ourselves, because they constantly run up against all of the dirty tactics of the Communists, and of the dupes and allies of the Communists, in their respective areas.

We shall return to this whole theme in later bulletins. At present we suggest simply that you

- (a) Oppose the continuance or establishment of Police Review Boards.
- (b) When you come across questionable criticism of your local police by some Liberal editor or nice-Nellie commentator, find out the real facts if you can. Usually the fellow officers of those being criticized will give you the unvarnished truth. Then if you find the criticism to have been unjustified, write and put the record straight.
