The purpose of this memorandum is to advise of contact with Mr. G. Robert Blakey, Chief Counsel, captioned Committee, regarding the number of requests that will be directed to the FBI by captioned Committee in the near future.

DETAILS:

On November 28, 1977, SAs Drew J. Clark and John T. Aldhizer III of the Special Investigative Division, and Danny O. Coulson of the Legal Counsel Division, met with Mr. Blakey to discuss the number of requests that will be forthcoming from the Committee. Mr. Blakey advised that the Committee had decided to concentrate its efforts with regard to the assassination of President John F. Kennedy into areas regarding the association of Jack Ruby with various organized crime figures. The Committee will explore the possibility that Ruby may have been part of a conspiracy that involved Lee Harvey Oswald. Mr. Blakey further advised that the Committee will be conducting a "grand jury type investigation" into Ruby's associates and activities and emphasized the need for timely response from the FBI to Committee inquiries. Mr. Blakey advised that the FBI's responses in the past have been adequate for the Committee's needs, however, with regard to this new area of inquiry a delay in response could jeopardize the Committee's efforts. He indicated that the Committee will be calling numerous individuals to testify and that quick access to FBI information is absolutely essential to the Committee. He stated that he would like to submit requests to the FBI on the Monday of each week in order to receive a response on the following Friday. *62-117242-30*

Legal Counsel to Associate Director memo
 Re: HOUSE SELECT COMMITTEE ON ASSASSINATIONS

Mr. Blakey advised that he was bringing this to the FBI's attention so that consideration could be given regarding the manpower needs that would be required to respond in this fashion. He indicated that the Ruby inquiries will begin in approximately three weeks and will last for about five months.

RECOMMENDATIONS:

(1) That the Special Investigative Division furnish its views regarding the adequacy of manpower and the ability to respond to the Committee's request in the time frame outlined by Mr. Blakey.

The Congressional Inquiry Unit (CIU) was formed 11/76, and consisted of a unit chief, four supervisory agents, two stenographers and five service and support personnel. Subsequently, two research analysts (GS-9) were temporarily assigned to the CIU from the FOIA Section. These two research analysts both have returned to FOIA. As of 12/7/77, the complement of the CIU is one unit chief, four agents (one agent currently under transfer), one stenographer, two research analysts (GS-7) and three service and support personnel.

In view of the anticipated increase in the workload and with a short deadline to respond to the HSCA, contact was made with Inspector - Deputy Assistant Director Allen H. McCreight who advised 12/6/77, that the two research analysts who had previously been temporarily assigned to the CIU might be temporarily reassigned in the event of a heavy increase of workload. A memorandum has already been submitted requesting a replacement for SA John T. McGirl currently under transfer to Albany. In order to promptly respond to the requests from the HSCA, and based on past experience in handling previous requests, it is recommended that an additional stenographer and two experienced service and support personnel be assigned to the CIU. An analysis of the personnel requirements of the CIU will be made in five months.

JSH/OC
ADD/ALC

Since Special Investigative Division addendum dated 12/7/77, the only experienced Clerk-Stenographer assigned to the Congressional Inquiry Unit, Sharon A. Sutherland, is being transferred to Division Six. An experienced Clerk-Stenographer for Sharon A. Sutherland is necessary. SA Drew J. Clark is working on a special matter in connection with the Kennedy assassination which will fully occupy his time and may necessitate his being in a travel status for the next three to four weeks. A temporary replacement for three to four weeks for SA Clark is necessary.

The Congressional Inquiry Unit has received from the HSCA since 12/1/77, 19 written requests. One of these requests dated 12/16/77, is ten pages and contains 80 individual requests. Another request dated 12/22/77, contains 16 requests, one of which requests access for the FBI file on "La Cosa Nostra" from 1/1/64, through 4/1/65. This request requires a thorough review of the file for excising material, Xeroxing the file and coordinating with the Organized Crime Section information that will be furnished to the HSCA. According to information recently received from Mr. Blakey, Chief Counsel and Director, HSCA, hearings are to commence the first or second week in January in both the King and Kennedy assassinations. These hearings will be approximately three days a week and will result, according to Blakey, in numerous requests of the Bureau with short deadlines. If the HSCA is unable to fulfill its commitments based on their requests, in all likelihood the HSCA could claim the failure, in part, was due to the FBI to answer its requests in a timely manner.

In view of the above, it is felt that the need for additional personnel on a temporary basis is justified and necessary.

PURPOSE: To advise of meeting on 1/13/78 with Mr. G. Robert Blakey, Chief Counsel and Director, House Select Committee on Assassinations (HSCA), and his current requirements which will heavily task this Bureau's resources.

DETAILS: On 1/13/78 William Bailey, Deputy Assistant Director; Danny O. Coulson, Legal Counsel Division; George J. Foster, Unit Chief, Congressional Inquiry Unit; David Ryan, Section Chief, Document Classification and Review Section, and I met with Mr. Blakey in my office. Mr. Blakey indicated that while the Bureau has been prompt in handling requests from his committee, he wanted to emphasize that the "crisis" will be in the next 60 to 90 days and that prompt delivery of the material requested will be necessary since they will be conducting "grand jury" type hearings.

Mr. Blakey commented he has met with CIA officials regarding the need for expeditious delivery of material requested by the committee and the Agency has agreed to endeavor to make available such material within five days. To accomplish this deadline, the Agency has placed ten full-time employees on the project. Blakey expressed the opinion more material would be requested of the Agency than of the FBI.

When asked his estimate of the volume of material to be requested of the FBI, Blakey responded it would be somewhere in the vicinity of 500 volumes (100-150 pages per volume).

Blakey stated the four prime objectives of the committee are to determine (1) if Oswald was responsible for the assassination; (2) if Ruby was involved in a conspiracy; (3) if the Government agencies (FBI,

CIA, Secret Service, Warren Commission, etc.) acted efficiently and properly; and (4) to prepare positive recommendations in accordance with the committee's mandate. He stated a key issue in the committee's endeavors relates to the credibility of the FBI and it was necessary for the Bureau to make full and complete disclosure.

While Mr. Blakey assured of his complete cooperation in pin-pointing areas of requests, there was no doubt the committee is going to be demanding on a highly expeditious basis a wide range of material which will severely task this Division's resources. Inasmuch as the Attorney General and the Bureau have pledged complete cooperation, we have no alternative but to comply with these anticipated requests. In fact, in order to handle the current requests, we have temporarily assigned four support persons from other Units in the Document Classification and Review Section to assist the Congressional Inquiry Unit. Further, we have assigned Records Branch personnel temporarily to expedite necessary Xeroxing. It is very probable we may have to rely upon Freedom of Information/Privacy Acts Branch personnel if the committee demands accelerate as Mr. Blakey has indicated.

RECOMMENDATION: For information.

SUBJECT: HOUSE SELECT COMMITTEE ON ASSASSINATIONS

[Handwritten signature]

PURPOSE:

To record information received concerning a letter of criticism by Staff Director Blakey of captioned Committee.

SYNOPSIS AND DETAILS:

At 12:45 p.m. on February 1, 1978, Inspector Hotis told me that Judge William Webster advised him that he had received a letter from Staff Director Robert Blakey of captioned Committee in which Blakey was critical of the time delay involved in the FBI's response to requests for information and documents by his Committee. Judge Webster told Hotis that he did not intend to respond to the letter.

The purpose of recording this information in our files is to advise you and others dealing with this Committee of the efforts being made by the Committee staff to encourage the FBI to use additional resources in order to respond more promptly to the Committee requests.

RECOMMENDATION:

For information.

Memo to The Director from Legal Counsel
 Re: House Select Committee on Assassinations

ADDENDUM: (ASSISTANT DIRECTOR H. N. BASSETT:jmr 2-2-78)

With regard to captioned matter, I, too, received a letter from Blakey dated 1-27-78, copy of which is enclosed, and in which Blakey is complaining regarding the time delays on the part of the FBI in response to his Committee's requests. An appropriate communication will be prepared and sent through in the immediate future concerning this matter.

I would like to record that Blakey called me on Monday, 1-30-78, and advised that such a letter was forthcoming. During that conversation he made specific reference to the Committee's request of 12-16-77 and the fact that the material still was not forthcoming. I told Mr. Blakey that I perceived a possible breakdown of communication. I noted that at the very moment of his call I was having a conference relating to requests by his Committee and had been informed that we were meeting the Committee's deadlines and that the reason the 12-16-77 request had not been complied with was due to the fact that Committee members had advised that there were other requests of a higher priority.

The foregoing is for record purposes and, as noted above, detailed information concerning this situation will be forthcoming in the immediate future.

Be sure we are maintaining an accurate log of all requests showing date of the mail, date received, receipt of request and date of response
