SUBJECT: HOUSE SELECT COMMITTEE ON ASSASSINATIONS
U. S. HOUSE OF REPRESENTATIVES (HSCA)

*300
Foster #245*

PURPOSE: To advise that a file folder containing cover pages for two deleted third agency documents prepared for the HSCA's access was found by a Bureau employee in a public telephone booth outside the J. Edgar Hoover (JEH) Building. Additionally, this advises of the status regarding our inquiry to date.

SYNOPSIS: At approximately 12:20 PM, on Thursday, 6/15/78, an employee of the Identification Division recovered an FBI file folder in a public telephone booth located on 10th Street, Northwest, across from the JEH Building. The file folder contained unclassified and innocuous cover pages for two deleted State Department documents prepared in response to a request from the HSCA for material regarding an individual named [REDACTED] (b)(7)(c). The employee turned the file over to his supervisor, who in turn passed the material on to Legal Counsel Division. The file was subsequently turned over to the Congressional Inquiry Unit (CIU), which processes all requests from the HSCA. A review of CIU records revealed that the file folder, as well as five Sections of the 105 main file on [REDACTED] had been Xeroxed in response to an HSCA request dated 3/14/78 regarding 64 individuals and anti-Castro groups. The material was subsequently made available to [REDACTED] (b)(6) for the HSCA, on 6/13, 14 and 15/78. A review of the material prepared for HSCA access indicated that excised staff copies of Sections 1, 4 and 5 of [REDACTED] main file could be accounted for; however, excised staff copies of Sections 2 and 3 could not be. The Sections contain the results of investigation conducted by our Miami Division regarding [REDACTED] (b)(7)(c) during the period 1959-1964. A thorough search of the CIU space proved negative regarding the whereabouts of the excised staff copies of Sections 2 and 3.

In view of the fact that [REDACTED] was the only HSCA staff member to have access to the material, it was deemed imperative that she be interviewed regarding this matter. [REDACTED] was subsequently interviewed on 6/16/78 regarding her knowledge of the recovered file folder, as well as the unaccounted for Sections of [REDACTED] file. (b)(7)(c)

Memorandum to Mr. Bassett
RE: HOUSE SELECT COMMITTEE ON ASSASSINATIONS
U. S. HOUSE OF REPRESENTATIVES (HSCA)

It is specifically noted at this time that Mr. G. Robert Blakey, Chief Counsel, HSCA, invoking Congressional privilege, refused to make [REDACTED] available for interview until he personally interviewed her regarding this matter. Mr. Blakey interviewed [REDACTED] upon her return to the House Annex Building and then, only with the approval of Committee Chairman Louis Stokes, did he make [REDACTED] available to the FBI. (b)(6)

[REDACTED] advised that she had, in fact, charged out material regarding [REDACTED] on 6/13, 14, and 15/78, including the recovered file folder. She advised, however, that her records indicate she had reviewed only Sections 1, 4 and 5, and had no knowledge of the whereabouts of Sections 2 and 3. She had no explanation as to how the file folder was found in the phone booth just 15 minutes after she departed the JEH Building on 6/15/78. She speculated that it may have been accidentally gathered up with her work papers and newspaper, and then, unbeknown to her, carried out of the building. [REDACTED] was interviewed at length, but the matter could not be resolved. A search, by consent, of [REDACTED] desk and work area at the House Annex Building proved negative. (b)(6)(7)(c)

Administratively, a review of the original five Sections of [REDACTED] main file indicates that each Section had been Xeroxed and prepared for excising by the CIU. A review of the HSCA request for access to this material indicates that a total of 64 individuals and anti-Castro groups were included in this request. Material compiled was voluminous and the processed material stored in two file cabinets in secure CIU space. A review of the excised material prepared for HSCA on the individuals and groups named in the request indicates an absence of a control file containing red line serials, which correspond to the original serials in Sections 2 and 3. (b)(7)(c)

It is noted that the term control file pertains to the Xeroxed copy of the original file, which is subsequently reviewed by a CIU analyst. The analyst, using a red "El Marko" flaired tip pen, will excise certain information from each serial, such as informant symbol numbers, et cetera. Additionally, third agency documents are deleted and replaced with a cover sheet, which describes the document and accounts for the serial.

CONTINUED - OVER

Memorandum to Mr. Bassett
RE: HOUSE SELECT COMMITTEE ON ASSASSINATIONS
U. S. HOUSE OF REPRESENTATIVES (HSCA)

Subsequent to the analyst's review, the control file, with the red "El Marko" deletions, is then processed through a Kodak machine, which blacks out the "El Marko" so that it is illegible.

The second copy, with its illegible excisions, is designated as the "staff copy" and made available to the HSCA. The control file with the "El Marko" excisions, is designated as the "red line copy" and is not made available to the HSCA.

Although it can be established that original Sections 1 through 5 of the file, as well as the recovered folder, were Xeroxed, it cannot be positively established that a staff copy of Sections 2 and 3 were in fact made available to the HSCA. Additionally, the support personnel, who regularly charge out the material to the HSCA, cannot positively state that she had in fact provided staff copies of Sections 1-5, as well as the recovered folder.

OBSERVATIONS: A review of the above facts indicates that two viewpoints could be considered regarding the unaccounted for Sections.

The first view addresses the fact that all five Sections of [redacted] main file were Xeroxed for the HSCA. The CIU charge out logs indicate that "all Sections" or "all volumes" were signed for by [redacted] on 6/13, 14 and 15/78. Additionally, the file folder charged out to [redacted] was found by a Bureau employee outside the JEH Building approximately 15 minutes after [redacted] departure on 6/15/78. The facts indicate that [redacted] returned only Sections 1, 4 and 5 on this date and that an administrative review reflects that staff copies of Sections 2 and 3 of [redacted] main file are unaccounted for. Additionally, corresponding red line serials for Sections 2 and 3 are unaccounted for.

(b)(7)(C)
7
(b)(6)
J
(b)(7)(C)

The second view addresses the fact that although five Sections of the main file were Xeroxed for the HSCA, no corresponding red line serials can be located for Sections 2 and 3. Therefore, the possibility exists that these two Sections, although Xeroxed, may not have been excised and made available to the HSCA. Furthermore, the employee who charged out the material to [redacted] cannot positively state that she had in fact provided staff copies of Sections 1-5, as well as the recovered file folder. She can only assume that they were made available. Also, [redacted] notes indicate that she reviewed only Sections 1, 4 and 5 and has no recall of being given Sections 2 and 3 or any reference as to having reviewed them. The facts indicate that there is little doubt that [redacted] removed the file folder from the JEH Building on 6/15/78. However, because the material in the folder was of no value to [redacted] or the HSCA, we have to assume that she may have inadvertently picked up the recovered file folder with her work papers and then, unbeknown to her, dropped the folder on 10th Street, outside the JEH Building.

(b)(6)

Memorandum to Mr. Bassett
 RE: HOUSE SELECT COMMITTEE ON ASSASSINATIONS
 U. S. HOUSE OF REPRESENTATIVES

It is specifically noted at this time that as a result of the above situation, security measures and administrative controls within the CIU have been increased so as to preclude this situation from arising again.

RECOMMENDATION: It is the recommendation of the CIU, based upon the above facts, as well as the Unit's experience in dealing with the HSCA and its personnel during the past 18 months, that [redacted] be given the benefit of the doubt regarding this matter, that a letter be prepared for Mr. Robert L. Keuch, U. S. Department of Justice, who is Special Counsel to the Attorney General regarding HSCA matters, and that no further action be taken by the Bureau at this time. (b)(6)

DETAILS: At 12:20 PM, on Thursday, 6/15/78, George Anderson, III, a Fingerprint Examiner, Identification Division, while on his lunch break, proceeded to a pay telephone booth located on 10th Street, Northwest, directly opposite the entrance to the JEH Building. Upon entering the booth, he noticed a Bureau file folder propped up on the shelf of the booth. His inspection of the folder revealed that it was FBI property, which contained unclassified and innocuous cover pages for two deleted State Department documents. The folder was mounted with the file cover reversed, bearing a white 3x5 tag reading [redacted] Miscellaneous References, HSCA, 3/14/78." Upon reentering the JEH Building, Anderson turned the file over to his supervisor, Mr. Orley Leeson, Assistant Section Chief, Technical Section, Identification Division. Mr. Leeson, upon examining the folder and its heavily excised contents, turned the item over to SA Parks H. Stearns, Legal Counsel Division, who in turn brought the item to SA John S. Giaquinto, CIU. The CIU has the responsibility of preparing all material for the HSCA. A review of CIU records revealed that the material regarding [redacted] had been prepared in response to an HSCA request of 3/14/78 for access to our files regarding 64 individuals and anti-Castro groups. The [redacted] material consisted of the recovered folder, as well as five Sections of a main 105 file, which covered the period 1959-1964. CIU charge out logs indicate that the only HSCA staff member to request access to [redacted] material was [redacted] who has been granted appropriate security clearances. (b)(7)(c)

Memorandum to Mr. Bassett
RE: HOUSE SELECT COMMITTEE ON ASSASSINATIONS
U. S. HOUSE OF REPRESENTATIVES (HSCA)

On 6/13/78, [redacted] charged out and signed for "all Sections" of [redacted] material. On 6/14/78, she again charged out and signed for "all volumes" of [redacted] material. On 6/15/78, she again signed for "all Sections" of [redacted] material. The support personnel, who regularly charges out the material to the HSCA, although not absolutely positive, is quite certain that all five Sections of [redacted] main file, as well as the recovered folder, were presented to [redacted] when the notation of "all Sections" was made on 6/13/78. Additionally, our personnel did not recall [redacted] making reference to the fact that Sections 2 and 3 were missing from the material charged out to her. However, the fact remains that our employee cannot positively state that in making the notation "all Sections" on 6/15/78, that she provided Sections 1-5, as well as the recovered file folders. She assumed that all were available.

CIU records indicate that on 6/15/78, [redacted] arrived at the JEH Building at approximately 9:35 AM and departed at 12:07 PM. As previously stated, she charged out and signed for "all Sections" of [redacted] file. However, at 12:07 PM, she turned in Sections 1, 4 and 5. The material was logged in by SA Eugene Hatfield. SA Hatfield did not raise the question regarding the missing Sections as other HSCA staff members were still present and reviewing files in their work area adjacent to the CIU space.

A preliminary search for staff copies of Sections 2 and 3 was conducted on 6/15/78 with negative results. A second search was conducted on 6/16/78 and all file cabinets, desks and work areas, including the area utilized by the HSCA, were searched with negative results. In view of the fact that FBI property was found outside the JEH Building and two Sections of [redacted] file could not be accounted for, it became imperative that [redacted] be interviewed regarding any knowledge she may have regarding this matter.

On 6/16/78, Mr. G. Robert Blakey, Chief Counsel, HSCA, was contacted by SA Danny O. Coulson, Congressional Liaison, and an appointment was made with Blakey for 2:00 PM that date in order to advise him of the facts and interview [redacted]. Mr. Blakey was contacted at the House Annex Building Number 2 by SA's John S. Giaquinto, CIU, and Ronald Heller, Congressional Liaison. Mr. Blakey, after being advised of the nature of the inquiry, indicated that the HSCA was most interested in a possible breach of security by an HSCA staff member and would assist in the return of FBI property if, in fact, one of the staff members was responsible. Mr. Blakey insisted, however, that he was invoking "Congressional privilege" and additionally, in accordance with the rules of the HSCA, would not make [redacted] available for interview until he personally had the opportunity to speak with her. He advised that the rules of the Committee were such that [redacted] could not be interviewed by the FBI without the personal approval of Louis Stokes, Chairman, HSCA.

Memorandum to Mr. Bassett
RE: HOUSE SELECT COMMITTEE ON ASSASSINATIONS
U. S. HOUSE OF REPRESENTATIVES (HSCA)

The interviewing Agent's objected to Blakey's approach indicating the "Congressional privilege" and the Committee's rules applied only to the substance and nature of the Committee's work and not to an official investigation being conducted regarding FBI property. However, in view of Blakey's insistence and in order to avoid a continuing stalemate, appropriate authority was obtained by the interviewing Agents to allow Blakey to interview [REDACTED] prior to her being interviewed by the FBI.

[REDACTED] was summoned to Blakey's Office where she was interviewed by Blakey and other members of the HSCA staff. Upon completion of the interview, Blakey advised that [REDACTED] was given the Miranda warning, that she understands her rights and has no objection to being interviewed by the FBI. Blakey refused to comment on the results of his interview with [REDACTED] or whether or not she in fact admitted to having any knowledge regarding the [REDACTED] files. Blakey then contacted Mr. Louis Stokes, who offered no objection to the interview.

[REDACTED] was subsequently interviewed by SA John S. Giaquinto in a conference room at the House Annex Building. [REDACTED] was advised of her constitutional rights as set forth in a waiver form, as well as the nature of the interview. She indicated that she was familiar with the material in question and had reviewed the material at FBI Headquarters on 6/13, 14 and 15/78.

She identified the recovered file folder as being part of the material she signed for on the above dates. However, she denied having any knowledge regarding the whereabouts of the staff copies for Sections 2 and 3. She indicated that she signed for all the material charged out to her without checking to see if in fact all the Sections were actually there.

She advised that a review of her notes indicated that on 6/13/78 she reviewed Section 1 of [REDACTED] main file, Serials 1 through 74. On 6/14/78, she reviewed Section 5, Serials 163 - end. On 6/15/78, she reviewed Section 4, Serials 137 through 162. She advised that she had not made an inquiry regarding the whereabouts of Sections 2 and 3 as she planned on returning to FBI Headquarters on 6/16/78 to complete her review.

CONTINUED - OVER

Memorandum to Mr. Bassett
RE: HOUSE SELECT COMMITTEE ON ASSASSINATIONS
U. S. HOUSE OF REPRESENTATIVES

She advised that when she charged out the material on 6/15/78, the recovered file folder was in fact with the material; however, she does not believe that five Sections of the main file were given to her. She indicated that she again signed for the material without specifically checking for all Sections.

She advised that at approximately noon, on 6/15/78, she gathered up her work papers, newspaper and a manila legal-style folder and carried the [redacted] material to the front desk of CIU, whereupon she was checked out by SA Hatfield. She did not recall having the recovered file folder in her possession when she left the JEH Building. (b)(7)(c)

She stated that she exited JEH on the 10th Street side, crossed the street and proceeded to a fruit vendor on the corner of 10th and E Streets, Northwest. She stated that she did not notice or recall dropping anything while on 10th Street or while proceeding to the Metro stop at 11th and G Streets. She speculated that she may have accidentally gathered up the file folder with her work papers and newspaper and subsequently lost it on the street without her knowledge. Continuing interview of [redacted] failed to reveal any additional information regarding staff copies of Sections 2 and 3. (b)(6)

[redacted] consented to a search of her desk, file cabinets and work area at the House Annex Building, which was conducted with negative results. The interviewing Agents concluded their business at the HSCA and returned to FBI Headquarters. (b)(6)

Administratively, a review of the original five Sections of [redacted] indicates that the Sections, which contained the results of investigation conducted by our Miami Division, were Xeroxed and prepared for excising by the CIU. A review of the excised material for the entire 64 items request indicates that there are red line serials which correspond to the serials contained in Sections 1, 4 and 5 of [redacted] file. However, no red line serials could be located which correspond to the serials in Sections 2 and 3. (b)(7)(c)

It is noted that the term control file pertains to the Xeroxed copy of the original file, which is subsequently reviewed by a CIU analyst. The analyst, using a red "El Marko" flaired tip pen, will excise certain information from each serial, such as informant symbol numbers, et cetera. Additionally, third agency documents are deleted and replaced with a cover sheet, which describes the document and accounts for the serial.

Memorandum to Mr. Bassett

RE: HOUSE SELECT COMMITTEE ON ASSASSINATIONS
U. S. HOUSE OF REPRESENTATIVES (HSCA)

Subsequent to the analyst's review, the control file, with the red "El Marko" deletions, is then processed through a Kodak machine, which blacks out the "El Marko" so that it is illegible.

The second copy, with its illegible excisions, is designated as the "staff copy" and made available to the HSCA. The control file, with the "El Marko" excisions, is designated as the "red line copy" and is not made available to the HSCA.

Although it can be established that original Sections 1 through 5 of the file, as well as the recovered folder were Xeroxed, it cannot be positively established that a staff copy of Sections 2 and 3 were in fact made available to the HSCA.

Dear Mr. Keuch:

The purpose of this letter is to advise that a file folder containing cover pages for two deleted third agency documents prepared for the House Select Committee on Assassinations (HSCA) access was found by an FBI employee in a public telephone booth outside the J. Edgar Hoover (JEH) Building. Additionally, this advises of the status regarding our inquiry.

At approximately 12:20 PM, on Thursday, June 15, 1978, an employee of the Identification Division recovered an FBI file folder in a public telephone booth located on 10th Street, Northwest, across from the JEH Building. The file folder contained unclassified and innocuous cover pages for two deleted State Department documents prepared in response to a request from the HSCA for material regarding an individual named [REDACTED]

The employee turned the file over to his supervisor, who in turn passed the material on to Legal Counsel Division. The file was subsequently turned over to the Congressional Inquiry Unit (CIU), which processes all requests from the HSCA. A review of CIU records revealed that the file folder, as well as five Sections of the Internal Security investigation file on [REDACTED] had been Xeroxed in response

to an HSCA request dated March 14, 1978, regarding 64 individuals and anti-Castro groups. The material was subsequently made available to [REDACTED] for the HSCA, on June 13, 14, and 15, 1978. A review of the material prepared for HSCA access indicated that excised staff copies of Sections 1, 4 and 5 of [REDACTED]

main file could be accounted for; however, excised staff copies of Sections 2 and 3 could not be. The Sections contain the results of investigation conducted by our Miami Division regarding [redacted] during the period 1959-1964. A thorough search of the CIU space proved negative regarding the whereabouts of the excised staff copies of Sections 2 and 3. (b)(7)(c)

In view of the fact that [redacted] was the only HSCA staff member to have access to the material, it was deemed imperative that she be interviewed regarding this matter. [redacted] was subsequently interviewed on June 16, 1978, regarding her knowledge of the recovered file folder, as well as the unaccounted for Sections of [redacted] file. (b)(6) (b)(7)(c)

It is specifically noted at this time that Mr. G. Robert Blakey, Chief Counsel, HSCA, invoking Congressional privilege, refused to make [redacted] available for interview until he personally interviewed her regarding this matter. Mr. Blakey interviewed [redacted] upon her return to the House Annex Building and then, only with the approval of Committee Chairman Louis Stokes, did he make [redacted] available to the FBI. (b)(6)

[redacted] was subsequently interviewed in a conference room at the House Annex Building. She advised that she had, in fact, charged out material regarding [redacted] on June 13, 14, and 15, 1978, including the recovered file folder. She advised, however, that her records indicate she had reviewed only Sections 1, 4 and 5, and had no knowledge of the whereabouts of Sections 2 and 3. She had no explanation as to how the file folder was found in the phone booth just 15 minutes after she departed the JEH Building on June 15, 1978. She speculated that it may have been accidentally gathered up with her work papers and newspaper, and then, unbeknown to her, carried out of the building. [redacted] was interviewed at length, but the matter could not be resolved. A search, by consent, of [redacted] desk and work area at the House Annex Building proved negative. (b)(6)

Administratively, a review of the original five Sections of [redacted] file indicates that each Section had been Xeroxed and prepared for excising by the CIU. A (b)(7)(c)

Honorable Robert L. Kauch

review of the HSCA request for access to this material indicates that a total of 64 individuals and anti-Castro groups were included in this request. Material compiled was voluminous and the processed material stored in two file cabinets in secure CIU space. A review of the excised material prepared for the HSCA on the individuals and groups named in the request indicates an absence of a control file containing red line serials, which correspond to the original serials in Sections 2 and 3.

It is noted that the term control file pertains to the Xeroxed copy of the original file, which is subsequently reviewed by a CIU analyst. The analyst, using a red "El Marko" flaired-tip pen, will excise certain information from each serial, such as informant symbol numbers, et cetera. Additionally, third agency documents are deleted and replaced with a cover sheet, which describes the document and accounts for the serial.

Subsequent to the analyst's review, the control file, with the red "El Marko" deletions, is then processed through a Kodak machine, which blacks out the "El Marko" so that it is illegible.

The second copy, with its illegible excisions, is designated as the "staff copy" and made available to the HSCA. The control file with the "El Marko" excisions, is designated as the "red line copy" and is not made available to the HSCA.

Although it can be established that original Sections 1 through 5 of the file, as well as the recovered folder, were Xeroxed, it cannot be positively established that a staff copy of Sections 2 and 3 were in fact made available to the HSCA. The support personnel, who regularly charge out the material to the HSCA, cannot positively state that she had in fact provided staff copies of Sections 1 through 5, as well as the recovered folder. She can only assume that they were made available. Also, [REDACTED] notes indicate that she reviewed only Sections 1, 4 and 5 and has no recall of being given Sections 2 and 3 or any reference as to having reviewed them. The facts indicate that there is little doubt that [REDACTED] removed the file folder from the JEH Building on June 15, 1978. However, because the (b)(6)

Honorable Robert L. Keuch

material in the folder was of no value to [REDACTED] or the HSCA, we have to assume that she may have inadvertently picked up the recovered file folder with her work papers and then, unbeknown to her, dropped the folder on 10th Street, outside the JEH Building. (b)(6)

Based upon the above facts, as well as the Bureau's experience in dealing with the HSCA and its personnel during the past 18 months, it is our position that [REDACTED] be given the benefit of the doubt regarding this matter and that no further action be taken by this Bureau, unless the Department so directs.

Sincerely,

Harold N. Bassett
Assistant Director
