

In regard to the murder of Martin Luther King
I have reason to believe one or more
of these people are closely involved.
either of these people could have very well
committed this crime

They are well known criminals and
members of the Ku Klux Klan.

They have gone untouched because
people fear for their lives.

Your composite drawing in last week's
paper has the likeness of one of these
men. Charles Cozart Phone 772-9332
